You better watch out while you're sleeping tonight.

I've had this downloaded for a while now, only just started playing it recently. I've finished Tsubaki's and Kanon's route and I enjoyed them. Been busy lately so haven't gotten round to finishing it yet but is Haru's route the true end?

Elweth - May 9, 2013, 10:56 pm

I finished all the routes with good ending, nice VN I say. Glad to see that there's still people playing G Senjou no Mao from HF =D

Programmargorp - May 9, 2013, 11:29 pm

I have it sitting on my drive. Haven't got around to playing it (like the other 9001 tonnes of crap I have on there).

Potahto - May 9, 2013, 11:32 pm
