Thread: [\[?\] 14³ \[?\] UB3R Upgrade Contest #3 \[?\] 14³ \[?\]](#)

Steve Prefontaine - May 13, 2013, 10:34 am

So, since I am as generous as always, I am doing an UB3R upgrade contest for you L33T Noobs out there.

Just tell me why you deserve to be UB3R in a detailed paragraph and also you must provide proof of approval as well.

I will choose a winner in about a day or so!

--Winner is Na'Vi. DENDi--

Thanks for this great giveaway.

WHY YOU DESERVE UPGRADE :-

I want to get upgrade because i am legit user on this forum and i am going to do more give away.I have help some people in steam and i help every person that are in need of help.If anyone call me for help i will try my 100% for sure.I am a mature, helpful and active user of our forums. I have been contributing to this community through my free services and member contests.There is no open scam report for me.I want to be upgraded because I want to become a more acknowledged user on this Forum and therefore be more trusted.I will be contributing more to this forum if i got upgraded.HF is a great site which i like, i have bought here nice and cheap things already and the Community is cool as well. I can find here all i want. No greedy Peoples and not much Scammers like on other Board's.I respect everyone, my opinion of people isn't based on their L33T OR UB3R status, it is based on them and their personality. I wish to be upgraded because I have been L33T for a long time and couldn't wait for the day I would be able to become a ub3r. I don't have any money right now and this would be so great if I could become a ub3r.I am an old member of this forum & remains active on this forum. I have also contributed with E-book to this community. So i would like get to upgrade.I have been wanting Uber since I got on this nice forum.Hopefully if I get upgraded I will be reaching out to more users than before and help them out.Now a days i am enjoying my vacation on Hack forums.i am so active now a day's.

I want to get upgrade Because I think that it will bring out the full potential of Hackforums. I have always wanted to be UBER, I don't have a working credit card/paypal account to be able to purchase it, otherwise I would do! I try to be as HQ as I can doing Giveaways/Tutorials and hopefully people learn/enjoy what I have to offer on hackforums.When I become an upgraded member I will be able to enter forum sections that I could have never before, allowing new paths for me to open and allowing me to participate in this community as good as possible.I'd love to be upgraded because, it'd give me a better chance of getting my name known. I'd use it not to give me a higher advantage over regulars, I'd used it to help people. I'd give people reputation that actually worked for it, I won't go wasting it for stupid reasons. I will be able to help more people because of the certain privileges that will be available for me and that I am able to have full Hackfroums experience. believe

that I deserve an Uber upgrade as I have demonstrated through my posts that I am a mature, helpful and active user of our forums. I have been contributing to this community through my free services and and member contests.

Why I deserve this upgrade -

I have many reasons which I will list below that I hope will sway you into choosing me to be the member you upgrade.

So far I have been at the site for over a year, but have only really been dedicating myself to it over the past few months, in which I have spent over two weeks of time posting on the forums, this shows that I have recently created a real dedication and connection with this forum and the people within it. I feel that this upgrade will further enhance my love for this community, and will also show to others that I am more dedicated to it.

I am a very helpful member in the HackForums community, and try to dedicate myself to helping others and providing knowledge for them. I always reply to members and try to add something helpful and informative to threads, as-well as having a laugh and making new friends. Due to my situation in life, I have a basic amount of knowledge about many different areas and have a specialist knowledge in others including a great love for History that has stemmed into my real life as well as my college life. I also like to spend time when posting my replies to others, making sure to maintain a high quality style as-well as good grammar.

If you were so kind as to view my reputation you will see that I have a 100% positive feed. All of my giveaways and high quality posting has led to this. I deserve this upgrade to balance out the amount

of time and service that I have provided to Hackforums and its people.

Good luck to all contestants, I got my Ub3r from Cody in one of these upgrades.

Steve Prefontaine - May 13, 2013, 3:44 pm

So far only two applicants!? Looking for more people to apply

vitafortis - May 13, 2013, 5:30 pm

I don't deserve the upgrade any more than any other qualified member, not to say that I am "qualified" other than I am approved for uber. Anyway, I spend the majority of my time helping people in the programming sections and any threads related to programming. As you can see by any of my posts in said sections you'll see that I never ask for anything in return and always offer PM's or other methods of communication for additional help. I never ask for payment or vouches or anything, but just like to help. To be honest, being upgraded provides no direct impact on what I do, except I can neg people, that's it. I am merely stating my opinion. In the end, it is entirely up to you and I would rather let my actions and personality speak for me than my highly subjective words. I can write a million reason why I "should" win, but in the end you're going to base your opinion on my character, or at least I hope. Thank you for this opportunity and good luck to everyone that enters.

Why I deserve it -

I think I deserve this upgrade because I help a lot of HF users with any questions or problems and I make tutorials to share my knowledge with the community. I have also hosted a variety of giveaways and contests. I will continue hosting and giving out contests, giveaways, programs, and tutorials to

help out the community. I hope to become ub3r so I can -rep the scammers and +rep the legit sellers.

Why you wish to be upgraded:

I've learned so much about the internet and life from Hack Forums and by upgrading me I believe you are really giving me a chance to give back to the community.

Hack Forums lit the fire of my curiosity and has kept feeding it wood ever since. From Hack Forums I learned about C#, Social Engineering, RATting and so much more. I really love my time here and you can be certain that by upgrading me, your money will not be wasted.

This post was made specifically for this thread and is not copy and paste. I hope you will take this into consideration. :)??

Why do i deserver it:

i might not have done as much giveaways as others but im always trying to help as often as i can; i completed many coding and cracking request for and in this forum thats why i consider myself as a friendly and helpfull guy, no matter if the people that are in need of help are upgraded members or not. im a member of hf for over two years now and i can say, i really enjoyed helping people!

the Paragrah wont be any longer, because im not a native speaker and i fear, otherwise my english skills will fuck up this application
