Free Crypting service - Making your files FUD!

How? PM me or add me to Skype (Skype Name: abhy__)

Optional:

Startup added to the file;

File Binder;

Icon change;

Extension change;

File pump;

Assembly Change;

Fake message on execution;

Custom Injections;

Scantime and Runtime;

Hide File;

Works on 32 and 64 bits;

My crypter is coded in C#, so stub will be .NET dependent .

Stub size is ~40kb .
