Thread: [Need a school/delinquent anime](#)

Racr - May 16, 2013, 7:10 pm

I'm looking for a comedy/slice of life (Maybe drama too?) Where the main character is a delinquent. Kinda like how [Tomoya Okazaki](#) acts in Clannad, but I'm not looking for something super sad. I also think a main character like how [Takashi Komuro](#) was in the beginning of HOTD is good.

Maybe the mc gets in trouble in school often, doesn't really enjoy it.

Here's what I've seen so far... <http://myanimelist.net/animelist/Racr>

I'm not looking for something where the main character is mistaken for being a delinquent like Boku wa Tomodachi ga Sukunai.

Thanks in advance for any suggestions, I'd really like to watch something like this.

Spoiler ([Click to View](#)) I have a picture of someone leaning back in their chair with feet propped up on the desk stuck in my head...

What is this

I don't even...

I'm looking for something that isn't reviewed as having retarded/crude humor...

Umm have you seen [Clannad: After Story](#)?

In [Boku wa Tomodachi ga Sukunai](#) the MC is thought to be a delinquent, but it's not sad (Great show though)

How about [Great Teacher Onizuka](#)?

Seen both of the first 2, but thanks for the third suggestion. I came across it earlier but wasn't really sure, anyways I'll try it out.

[Lucky Star](#)

One of my favorites. :D

Dude, watch Beelzebub. It has school, the MC is the biggest delinquent there, and it's not sad but really funny instead. I enjoyed it a lot while watching.

BlazeBoy - May 17, 2013, 7:18 am

Yes but I didn't ask for a genre recommendation, I'm looking for a specific show with similar characters to the ones I shared in the OP...

Watch Airgear and Durarara. The main guy in Airgear is a delinquent. However I recommend Durarara more, it seems like something you would like.
