I know I need a picture pack, but what else? I'm only trying to make \$20 a day or less. Any sites you recommend and how easy is it to start getting the \$\$\$ to roll in? Any advice guys? Also, Amazon cards or PP?

I suggest you to use Amazon cuz pedo cant chargeback when u redeem code.

When you are talkin to him try to act like a 15 old girl and use smiles and stuff.

People have made money off of chat avenue, but I will tell you a partly unsaturated dating site if you would like it.

Some personal tips that have worked for me:

- Act like you need help.

- Act like a real girl.

- Use alot of emoticons, :), :(

- Keep trying!

- If you don't keep trying, you have a 100% chance of not making any money.

- ONLY give out 2 samples at max. If they ask for more, they will most likely leave.
