Thread: [\[3/5\] Gentoo update for ktorrent](#)

Omniscient - May 2, 2007, 1:42 am

Gentoo has issued an update for ktorrent. This fixes two vulnerabilities, which can be exploited by malicious people to overwrite arbitrary files on a user's system or potentially compromise a user's system.

Be sure to check if your system is missing security updates or have insecure applications installed:

Feature Overview - The Secunia Software Inspector:

- Detects insecure versions of applications installed

- Verifies that all Microsoft patches are applied

- Assists you in updating your system and applications

- Runs through your browser. No installation or download is required.
