C-control - The money of soul and possibility control

Introduction

Hello.

I believe it is a good time to do my first review in here ^^ Since I have been inactive here for a long time, it is about time to get back :)

Let's get started

I will review the anime "C-control"

Genres

Action

Mystery

Super Powe

Thriller

and romance

Plot

What is money? Power? Posession? greed? Trust? Love? Hate?

The Japanese government was rescued while close to a financial crisis, or rather, collapse, by the Sovereign wealt fund.

Life have not improved for the citizens, the rampant of crime, unemployment and despair is still controlling.

A studen, Kimimaro, whom wish to avoid it all and have a stable life, with a wife and children.

Thus one day, as his economic stance is looking quite dark, a mystical man appears before him, drawing Kimimaro to the mystical realm, known as "The Financial District".

This is where people engage in a battle for money.

Review

C-control is a great anime, one of the best if I may say so, the battles throughout the series seems to be the lack though, while not much physical or graphical is too great while attending to these battles, the psychological of this anime is amazing.

The plot is amazing, and very exclusive, as I myself have been trying to find a good anime after watching Code geass and Death note, this caught my attention, you can name it one huge battle for japan, while still being able to give questions to the watcher.

It has no lack for shounen-like battles, but it does mainly contain thought-filling and philosophical ideas throughout the anime, so don't except a lot of fancy battle scenes.

The art is just fine, and in 1 particular battle-scene it seemed like there was a great choice of angles.

Mainly, it might be confusing for starters, and possibly through the whole series, it is a serie you really need to follow if you want to get into it.

With only 11 episodes, it seems like a good ending was chopped off, that is the main lack of the series, the ending is bad, but else the series is amazing, I would recommend it for everyone looking into a thoughtful anime.

Characters and development:

The development of characters through the series is a good point in this, it seems that they start out boring, almost as objects, a bit of drama will happen, but not a big deal, but after some time you manage to get a connection to them.

The appearance is also important, the characters looks out of particular at points, atleast some do.

Most important though, is the character tactics, this is probably the main aspect, and an absolute importance to take a good look of while watching the anime.

Sound and animation

While the sound seemed okay, it has it's annoying parts, so really, I didn't like the sound too good, it just seems to end up annoying with small sounds here and there, while the overall background music seemed okay, and not out of the usual.

The animation though, is quite boring, there isn't much to say, it is the usual modern anime style.

Rating

I would rate this anime a 8/10 for the lack of a good ending, the plot is great, the battles are great, and the philosophy fantastic.

Very good anime.

nickchan - May 26, 2013, 10:13 am

Thanks For the review if they have this on Crunchyroll I will defiantly put this on my list :D

_FSR - May 26, 2013, 10:16 am

Looks interesting. Thank you for the review. I'm gonna give it a try

Sejskaler - May 26, 2013, 11:34 am

I am glad you guys like it ^^

I believe it was once aired on TV, so it just might be on crunchyroll, but else just stream it somewhere else ;)

SkullTraill - May 26, 2013, 1:11 pm

Thank you for this review! I've really wanted to watch an anime about power and wealth (watched Code Geass and DN).

Only thing is I hate romance, but I hope it'll be good :D

Sejskaler - May 26, 2013, 1:58 pm

No problem.

There isn't too much romance, it is more like a short romance, you can feel a bit of it here and

there, but nothing too big, so don't worry ^^

Luckss873 - May 26, 2013, 4:04 pm

Thank for your review, i try to find time

Sejskaler - May 27, 2013, 1:44 am

(May 27, 2013 01:34 AM)Frictional Wrote: [\[CITE\]](#) Spoiler [\(Click to View\)](#) Just ended it and I must say, I want to fucking know what will happen to Msyu & Yoga !!! Is Msyu his daughter or will Ikuta be Msyu's wife ?

And I fucking loved Masakaki!!

Spoiler [\(Click to View\)](#)

I agree, Masakaki was goddamn badass!

But I wonder more, like you do, I believe she would be Yoga's daughter, but I would rather have Msyu to become human and marry Yoga, I was about to kill someone when I finished it -.-'

God!

It got me so mad :c

Pillows - May 27, 2013, 1:47 am

Well this anime basically describes why America was in such an economic crisis ?

Sejskaler - May 27, 2013, 2:11 am

(May 27, 2013 01:46 AM)Frictional Wrote: [\[CITE\]](#) Spoiler [\(Click to View\)](#) Doesn't the ending feel like there is going to be another season, since Masakaki did say that the financial district is immortal.

Spoiler [\(Click to View\)](#)

Yea, it does, but it's from '11 so well, I doubt it will come, thus I would love a 2nd season, and there are lots of way for the Japanese currency to get up again, and Masakaki will be back!

Not only that, but there were more districts, probably also using other currencies, and when Japan's currency will become USD, it would start again, so yea, I hope there will be another season, I want to know whom the "Ones above" are, because I think it is Masakaki, or the Masakaki's, which are a godly creature, it seems.

So much to think about :D

Pillows - May 27, 2013, 2:21 am

(May 27, 2013 01:53 AM)Frictional Wrote: [\[CITE\]](#) Actually in the anime, USA is the most powerful country with the most stable currency.

Shit. That means I have to rewatch the anime. I'm missing some details in there from the last few episodes probably.

Sejskaler - May 27, 2013, 5:35 am

(May 27, 2013 05:29 AM)Frictional Wrote: [\[CITE\]](#) Spoiler [\(Click to View\)](#) We got to see the gods from above, lol. if you saw the last episode they explained the meaning of the financial district

Spoiler [\(Click to View\)](#)

I know, I Saw it, but it didn't answer the question properly If you Ask me

Sejskaler - May 27, 2013, 6:06 am

(May 27, 2013 05:37 AM)Frictional Wrote: [\[CITE\]](#) Spoiler [\(Click to View\)](#) It was a great anime, a lot

like SAO if you ask me. But the fucking ending!! OMFG!!!

Spoiler ([Click to View](#))

I wouldn't even put it close to SAO, it is so more tactical, but that is just my opinion xD

But yea, it seemed so rushed :l

SkullTraill - May 28, 2013, 11:07 am

Watched it, it was pretty good. Nowhere near the best, but deffo worth a watch. The "romance" aspect wasn't too annoying either.

(Shameless self promotion..)

Racr - May 28, 2013, 10:03 pm

Oh man I found this last year while browsing Hulu and watched it.

I really loved it and gave it a 10 on MAL.

I don't know why but I really love Msyu.

She's also very cute/attractive :)

Spoiler ([Click to View](#))

I suggest everyone watch it and hopefully you'll enjoy it as much as me :D

Thanks for reminding me of this great show OP.

Cryptography - May 29, 2013, 12:48 am

I love this anime. The philosophical impact of this anime seems to be above or equal to Ergo Proxy's... and I also felt like there was a thing hanging between Mashu and the main character though. I wish they extended the series a bit more and in that aspect I agree with you.

Sejskaler - May 29, 2013, 1:57 am

(May 27, 2013 01:50 PM)Frictional Wrote: ([CITE](#)) Spoiler ([Click to View](#)) Now why this anime wont have a second season may be so because of this theory, since it's only a theory it may not be so. Since Yoga reverted the cash and made a new future, in that future where \$ is what the currency is and not Yen and since \$ in the anime was pretty stable. That'sth to say that e C won't happen again, that's why Yoga was so relieved. Spoiler ([Click to View](#))

Well, that's true, and quite interresting, but won't the district just end up applying to the \$ instead, that creates a new kind of Midas money, making it possible to start again, a C would be hard though, since most of the corruption happened due to the yen corrupting.

But it would not be impossible, thus it would also be hard to prevent.

(May 28, 2013 11:07 AM)SkullTraill Wrote: ([CITE](#)) Watched it, it was pretty good. Nowhere near the best, but deffo worth a watch. The "romance" aspect wasn't too annoying either.

I think it is one of the best, but that is my perspective, mainly due to the plot though.

I found the romance annoying, because it felt like we needed a bit drama watcher here xD

No problem, it is one of the best if you ask me, and I think you like her because of her actions and personality ^^

That would be my guess atleast

(May 29, 2013 12:48 AM)Cryptography Wrote: [\[CITE\]](#) I love this anime.The philosophical impact of this anime seems to be above or equal to Ergo Proxy's... and I also felt like there was a thing hanging between Mashu and the main character though. I agree, I would like another season actually, drawing everything together, I believe they could do that in a couple of episodes, but it would be rushed, so 12 episodes or so, would probably be fitting ^^

Racr - May 29, 2013, 6:14 am

Yeah that's most likely it ;) I need to remember to watch this show again soon.

Hentai? - May 30, 2013, 10:22 pm

I really loved this one, to bad the ending seemed to short. :/

Sejskaler - May 31, 2013, 1:27 pm
