Seems legit Dispute, I hope this case will be solved soon and Yurix replies to this thread!

Uxizo - May 26, 2013, 12:07 pm

He didn't want to deal with me by going first or using a MM so I backed out. I had a feeling which is why I posted on his thread. Hopefully this gets resolved.. :/

Vintage????? - May 26, 2013, 12:08 pm

I think he scammed me too, he said he was on his bike.. so he couldn't send it. I'll be posting my scam report soon

SWS. - May 26, 2013, 12:16 pm

After seeing the posts by The Grim and Tor. about him being sketchy I had a feeling he was a scammer. He's been trying to get me to exchange with him but I wouldn't go through with it and I'm glad that I didn't.

I'm sorry to see this happened to you.

Vintage????? - May 26, 2013, 12:30 pm

This exact same story happened to me, But not as much, sorry bro.

Charge back on PayPal if you haven't done so already.

So many threads of selling of BTC and LR account having 4.7 made sense ?

He was trying to scam as many he can.

Payne. - May 26, 2013, 12:43 pm

Yeah he's scammed many others too. Be careful!

Ol' Dirty Bastard - May 26, 2013, 12:44 pm

He offered to exchange my PayPal to MB but he sounded too sketchy so I decided not to deal with him.

His reputation wasn't clear enough.

Glad I didn't deal with him and sorry to hear about your loss.

Rapids - May 26, 2013, 1:09 pm

Same PayPal that he asked me to send the \$70 to yesterday

he's not hacked. He's using the same Skype as he had in this thread last year

Good thing, I figured he was a scammer from the beginning. Never did, and never will deal with him.

I PMed a admin and he got banned :) I will call Paypal hope get a refund.

Yolo Swaggins - May 26, 2013, 2:37 pm

Legit report, hope to see that skidd banned. GL OP

Beilinder - May 26, 2013, 2:44 pm

He always seemed shady to me. Specially when I took a look at this selling thread of his where he's selling a public method for 60 bucks lol...

good luck OP

QWxx01 - May 27, 2013, 2:04 am

Sounds like a legit report to me. Good thing that this skid was banned.

Navigator was getting me some bitcoin for a service, but Yurix scammed him :/

Tor - July 7, 2018, 5:22 am

I don't really remember what happened back then. I surely didn't want to scam this dude. I don't remember. Was a long time ago.

I'm clearly not a scammer. You can check my currency trading thread:

<https://hackforums.net/showthread.php?tid=4439167> . A lot of successful deals with no problems.

This user is banned and can not close this dispute.

How can I get this dispute closed. I'm sure I eventually solved the issue with the dude.
