Thread: [Group Memberships prefix](#)

Darkwin - May 28, 2013, 2:34 pm

Seeing as there are many upcoming unofficial groups misleading the members into thinking they have already purchased an group or will be soon become official etc. I think it would be an nice idea to add thread prefixes to the Group Memberships section, Possibly with the titles [Official] & [Unofficial].

I've searched however hadn't seen anything similar suggested so i thought i would make an [Quick Thread](#) on it.

Use this thread to request prefixes.
