Thread: [Fail Production | 2nd vector](#)

?ades - June 6, 2013, 5:15 am

My second vector ever made, still practicing.

Appriciate all cnc, as I want to improve.

Leave the text off. You could create a unique style with the way you design.

Yeah, im just going to keep practicing and see how it turns out :)

Alright il leave text from now on, I know it ruins most of the designs if it isnt done properly.

Stay Plural - June 6, 2013, 6:57 am

Needs more design in it, looks boring.

The text sucks.

practicing

This is just a character, imagine a factory filled with em.

And aliens producing em.
