+Fox made a thread offering \$50 for a signature to use:

<https://hackforums.net/showthread.php?tid=3526553>

I made a post of a design for him:

<https://hackforums.net/showthread.php?tid=3526553&pid=33130228#pid33130228>

He then goes ahead and starts using the signature as can be seen from his profile page but never does he pay me:

[img]http://i.minus.com/ibaBuu6yQ4eltQ.png[/img]

He then posts saying that he doesn't like any of them and is instead opening a different contest, but he is still using the design I made him and has not paid:

<https://hackforums.net/showthread.php?tid=3526553&pid=33171597#pid33171597>

This is an abuse of the "contest" style that he put his thread up in and disrespectful of the time that was put into making it for him.

Vouch.

Hate it when assholes use work before they pay for it/refuse to pay for it.

Ol' Dirty Bastard - June 9, 2013, 10:25 pm

That sucks man :/

P.S : The signature you made for him is SICK!

Isaac Newton - June 9, 2013, 11:33 pm

I thought he paid since you didn't posted otherwise on those threads.

I hope you get your money that you worked hard for.

Valid scam report, "Bad Meets Evil" is a legit and helpful user, the scammer is a pathetic waste of space.

Grim - June 10, 2013, 2:47 am

that's shitty man :(very cool looking signature looks like a good amount of effort went into it hope you get some kind of payment

Assailant - June 10, 2013, 2:49 am

Forgot to mention, you know you're a badass when people have to scam your designs.

Ayden™ - June 10, 2013, 2:59 am

If you read the PM I said I wanted you to fix it up and you would have won. You didn't fix it up so you don't win.

I notified you of the edits being made and you didn't respond. You are just using this as an excuse.

Quote:Alright. I have made the edits to the signature - I just await your payment.

Doesn't take away from the fact you still wore the signature he made without paying.

Nagamar - June 12, 2013, 6:22 am

Legit scam report, Bad Meets Evil is nothing but professional. He made me my sig and avatar for cheap.

DrDinosaur - June 12, 2013, 6:23 am

Wow, that's a really god sig. And it still doesn't change the fact that you are wearing the sig.

Dedotaded Wam - June 12, 2013, 6:30 am

Hope you get the money you deserve or he gets banned.

Vouch for BME. Great designer and deserves to be paid for his work. Personally noticed this and thought it was paid for.

+Fox - June 12, 2013, 8:14 pm

If he fixes it with what I told him in PM i'll gladly pay him. Until then no.

I have made it clear in my PM that you will receive it after payment. Considering you started wearing the first one without paying, you are no longer trustworthy enough for me to show it to you without you having paid yet.

Watermark it. Then I will pay you if it is what I asked for before you remove the watermark
