Thread: [Simple logo for T-Shirt, commission included](#)

DGiTPadre - June 9, 2013, 8:32 pm

Hello all! I am the team manager of a small Stacraft II organization. We are going to be playing a very large tournament later this month in Anaheim, and I am looking for a very simple design I can use for a team shirt.

[Here](#) is a very, very rough sketch I did in gimp LOL. If you know of a font that has this type of lettering (specifically the gaps), then just use that :). All I need is this done well, dimensions of reasonable size (1280x800 is fine).

Willing to pay \$5, \$10 if I really really like it!~ Thank you.

Here's what I came up with, message me if you would like me to change anything.

DGiTPadre - June 10, 2013, 11:25 am

Can't PM at the moment, new acc ><. I will post around and PM.

Okay, now that I have my 10 posts (while hopefully contributing to conversations :D). PM'd.

Sejskaler - June 10, 2013, 3:22 pm

since you liked the example above, I was thinking I would go with the style, of simply adding text.
