Thread: [LMFAO's Personal RAT Targeting Service \(I WILL RAT YOUR FRIENDS\)](#)

LMFAO. - June 11, 2013, 11:40 am

Have you ever wanted to gain access to the computer of someone you know from school/work/etc? With my service, you can. All you have to do is send me their information. If I successfully RAT them, then you can pick a package from below.

What I need from you:

You will have to supply me with as much information as you can about the person you are trying to RAT. This includes Facebook pages, emails, etc.

What I will sell back to you:

-All saved passwords (\$5) Details ([Click to View](#)) I will attempt to obtain their saved passwords, and sell it back to you.

-Computer Files (\$5) Details ([Click to View](#)) I will copy all files from their computer and send them to you.

-Social Networking Passwords (\$2) Details ([Click to View](#)) I will attempt to gain access to their social networking accounts, and sell you the passwords.

-Special Passwords (\$10) Details ([Click to View](#)) I will attempt to obtain passwords that can't be saved to the computer, such as Runescape.

How you pay:

I accept payment only via PayPal. You will receive the information you are interested in after you have paid for it. I will provide proof if necessary.

How you order:

Send me a PM with as much information as you can give me about the person you are trying to RAT. I will then attempt to gain access to their computer, and PM you back if I am successful.

I will not be successful 100% of the time. You take no risk in sending me the person's information. It's worth a shot.

1. Go get Darkcomet

2. Go get a free crypt or .50 crypt

3. do this yourself, easily and probably quicker.

4. "oh yeah but they cbf setting it up" You can rat anyone after setting it up takes like 20 mins if your not a full on retard.

You'd gain way more sales if it was cheaper since right now i'd rather set it up myself.

Some people don't know how to RAT.

Some won't be able to get the person to DL the RAT.

I do not. You could always give me the info of the person you are interested in, I could try, and you could buy some of the info later in time. I can hold on to their info for as long as I need.
