If you want any of these, please PM me. Thanks.

(I'm currently trying to upload all of them to Dropbox, but for now feel free to PM me if you would like a couple or an individual one.)

edit thanks for the share. Although it is worth considering that stopping the proliferation of VCW's might be a good thing and lead to a slower rate of saturation.

Meowth - June 14, 2013, 9:42 pm

Thank you for sharing these, tried to get off of another thread but they were all listed as private. Thanks!

R????????™ - June 15, 2013, 12:59 am

Good job Nehssa....this was Required as many of the users were complaining abt the downloads being set to PRIVATE.

Btw....i can link your thread to my thread so that its easier for other users to download these VCW's..only if you allow ?

Edit: 5 Stars given to make it visible amongst all other threads.

IrgendeinBaum - June 15, 2013, 2:22 am

Hey Nehssa, can i get this pack? Having few problems with my vcw's(all saturated). Thanks in advance.

iDouble - June 15, 2013, 2:26 am

These have been posted here before I guess , and also I think you should post previews for each one.

The ones which are posted earlier..are all set to "Private". Meaning you can't download them unless the uploader provides you the direct download link.

Posting previews for each vcw is too much of work to do. Do not demand so much for free stuff. However you can see the pics of each VCW [Here](#)

Harold_Finch - June 15, 2013, 4:12 am

I pm'ed you I hope I will get these pack fast.

You can totally link my thread to yours. :)

Thanks Faceless! You're awesome.

Also, those of you who have NOT received a PM from me - I am currently compressing some packs and uploading them. So please be patient. Thank you.

Erm, I'm not an expert for ALL of these VCWs - But Charlie has a show with a decent length, if that's what you're looking for. ^^
