Thread: [Got back into it, made a cool hundred bucks.](#)

ThePharmacist - June 16, 2013, 3:00 pm

So I haven't ewhored in a few months, been pretty busy, but I decided to hop back into it a few days ago, and made a nice profit of about \$100. Made \$35 off of one guy, \$30 off of another, and then two \$20 from the same person. I think i'm gonna get back into it again now that school's out. Don't have much time but I'll be seeing what I can do. Anyone else having success?

Seb123 - June 16, 2013, 3:17 pm

Yeah I started 3 months ago but all I wanna get is a new pc, I just use amazon but i have a thousand right now on my account (: I'll build that up to like 1600 and then buy a high end computer (:

Wrecked™ - June 16, 2013, 3:18 pm

I started about 2 weeks ago and I made \$200.

I used that money to buy:

Die@live.com
Pop@live.com
Deaf@live.com
1.35 BTC

And I have \$0.43 to spare :D.

Lynyrd Skynyrd - June 16, 2013, 3:22 pm

Have any tips for a newbie like me? I've been successful one time for 20 dollars.

It maybe sounds stupid but you get skilled with the time, just search for chatrooms, get them into skype, show them a vcw (girl video who just types) and then ask them if they want to buy a camshow (:

You need practice but you also need to find good places to ewhore, I started six days ago and made 494\$

Suboptimal - June 16, 2013, 4:05 pm

My place really sucks at the moment, and I'm not able to find something else. I made stupid \$7.50 today and \$5 yesterday, someone can help me out please?

I just can't ever find any good places!

zeroairsoft - June 16, 2013, 5:17 pm

Best thing to do is just search on Google for Chatrooms, flip a few pages back and try to find some unsaturated sites, get them to add you on Skype, talk for a few minutes and ask if they wanna buy a Camshow/Videos/Pictures. Like a few people said, you get better with experience!

ThePharmacist - June 23, 2013, 10:37 pm

Whoa, forgot I posted this thread. Well I didn't do anymore ewhoring after the night I posted this for a while, then started again a few nights ago and made \$85 bucks. Not bad for less than two hours. I don't have the time to do it all the time like some people, but when I do I sure make bank. Been doing it since last summer, and I've made at least over four grand. Possibly more, I stopped counting. Built my gaming rig with the money, and bought a ton of other stuff. It's great, especially since I don't have time for a job with all my studies.

I would not keep that much in one account, but that's just me. I've lost Amazon accounts before, and it is a complete pain in the ass to get a new one. You have to ship to a new address, use a proxy everytime you go on the site, crazy shit. But regarding the money, the most I've lost at one time was 250, and that alone was a bit devastating. Buy parts at a time, not an entire PC at once. But I built my PC from ewhoring in about a week.?

ÖceanGäng ? - June 23, 2013, 11:03 pm

Damn.. I really need help :(I ewhored in oct and made 500 bucks then I quit now I want to get back to ewhoring but I can't get and money :/

I made the five hundred bucks by selling pics on crqiglist and chatave

I would appreciate some help :/

ThePharmacist - June 25, 2013, 2:28 pm

So do what works. If that worked for you, try it again. But don't use chatavenue, that is the first place everyone goes to, and it's the most saturated of them all.

Tommy? - June 25, 2013, 3:04 pm

I am having little luck. I am about to make another 10\$ right now though.

Raise up your prices. Might take a bit longer but still, you could get \$10 in an hour or \$40 in two.

ThePharmacist - June 27, 2013, 7:06 pm

I used to sell cam shows for \$75. I didn't sell every single one at that price (not say that i didn't sell a lot), but it set a bar for a standard, and usually the price was dropped at the most to like \$30ish.

?De?dW?lker - June 27, 2013, 8:04 pm

Your doing good mate, keep going. Btw I built my gaming rig from e-whoring as well. Not a single penny spent from my pocket lol, and its alot better then what I was able to afford. My max budget was maybe 25k Rubles at the END of the summer. Made 2 in 2 months, got almost all the parts for the rig (Missing one part that will get here soon (Shipped)). Now I'm just e-whoring from the side to get items and then sell them here for cash.

ThePharmacist - July 2, 2013, 11:46 am

I made about 4k last summer, it was great. Now i'm working towards upgrading my rig. I usually just send the money to a bank account if I need actual cash.

webimail - July 2, 2013, 12:43 pm

I just started but no \$\$\$ yet.

I will start with chatrooms like you say.
thank you for the info

ThePharmacist - July 2, 2013, 1:22 pm

No problem.

Posted an ad on CL at 3:25ish. Now, 40 or so minutes later, I'm \$50 richer.

Flu???™ - July 2, 2013, 3:32 pm

Last time I got back into ewhoring I've made over 600 bucks in 1 night ;) Good job OP enjoy the money.

ThePharmacist - July 2, 2013, 7:15 pm

Thanks man. I'm getting pretty lucky today, I've made 190 since this afternoon, not bad at all for not doing it hardcore or anything.

It's pretty successful story. Congratz. It's not easy these days to eWhore

ThePharmacist - July 4, 2013, 12:38 am

Thanks, lol. I'm actually having a really easy time. Made 50 tonight within about ten minutes of starting.

Edit: Make that \$155.30 made tonight, and counting.

itsdonovan - July 4, 2013, 2:37 am

ThePharmacist - July 8, 2013, 11:48 pm

Awie - July 8, 2013, 11:49 pm

Wtf you made that much for faking?
Are younreal lol

ThePharmacist - July 9, 2013, 12:12 am

Lol, see for yourself: <http://prntscr.com/1eezz6>

The payments sent to me are from my ewhoring account, and those are just the ones from tonight.

Killcam - July 9, 2013, 12:17 am

Wow lol. Reading all of this makes me really want to do this now.

I'll be looking into this more after I wake up later.

Congrats on the success you guys are having! ;)

AJ8126 - July 9, 2013, 7:31 am

Toxic can you help me out and send me how you make your money on CL like a template of the ad, and what type of picture you include, maybe even a chat log of how a successful one goes. My method is kinda saturated now. :/

EDIT: If I was you I'd block out your name and email as well.

ThePharmacist - July 9, 2013, 6:20 pm

Can't just give out my methods dude, lol. But I've always told people, I don't use any special things. I mean I follow a template that I made up for what I say, but that's only for getting their attention. When it comes to convincing people to pay, I like to think I have a talent. Either that or I have a ton of luck.
