Thread: [\[ALL MEMBERS\] Free Booter Setup - All Scripts Included - APIs - PHP Scripts](#)

Pedal - June 24, 2013, 7:04 pm

I am offering free booter setups to anyone who is interested in starting their own booter. For personal use, even commercial use. Setup is free.

I will give you everything you need including hosting, scripts, and domains.
In return I want nothing other than a thank you. :)

If you are interested, please PM me.

The only thing you will need is a VPS/Dedicated Spoofed Server.

I have more than 10 fraudulent servers. What can you do?

If you need to contact me.

I'll let you use it for free
