Thread: [\[Tutorial in the Thread\] Earn 160\\$+ a day using Probux \[Easy Method\]](#)

AbduSako - June 27, 2013, 6:22 pm

If you are familiar with Neobux and Clixsense, then i'm sure you can easily grab how it works. If you are having problem in getting direct referrals, you don't have to worry because just like neobux, Probux allow us to rent referrals who will work and earn for us.

STEP BY STEP GUIDE:

#1 REGISTER AT <http://bit.ly> [WARNING: potentially infected]/1agdxu6 (Please with my Refferal link)

#2 if you register under that link, now, you should click all the advertisements especially the orange ads, because it will gives you \$0.01 per click, and this is needed so you will get credited from your rented referrals in the future. you can also play progrid (just like clixgrid of clixsense) and a possible earnings of \$2. you should try working some task here. just like neobux but it pays more cents.

#3 if you reach \$0.6 to your account you can now start renting referrals. \$0.6 = 3 referrals. and you should turn on the autopay features.

#4 doing it every day and for sure you will have money again in the next week, where you can you rent for another referrals. just continue doing this method until you reach 200 rented referrals which will give you \$4 a day

#5 once you've reach the maximum 200 referrals, all you need to do is to earn \$70 to upgrade your membership and double your earnings (see below the detailed computations)

#6 once you are a golden member, you should rent up to 2000 referrals and you can earn up to \$80 a day.

#7 if that's not enough with you you can go to ultimate and earn \$160 a day.

all of this will take a few months to reach in to top, it mean you should never give up, be optimistic and hard working. there's no easy way to earn money. only scam sites will tell you that you can earn doing nothing. believe me.

HOW MUCH WILL YOU EARN:

If you are a standard member here, you can earn \$0.005 per click of your referrals. how much will you earn per day?

SAMPLE COMPUTATIONS

* FOR STANDARD MEMBER***

if you have 3 rented referrals: $\$0.005 \times 4 \times 3 = \$0.06$ a day

50 rented referrals: $\$0.005 \times 4 \times 50 = \$1$ a day

100 rented referrals: $\$0.005 \times 4 \times 100 = \$2$ a day

200 rented referrals: $\$0.005 \times 4 \times 200 = \$4$ a day

200 rented referrals is the maximum for standard member and Yes it's true you can earn up to \$4 a day or \$28 a week, or \$112 a month just a standard member

****FOR GOLDEN MEMBERS****

You can earn \$0.01 per click of your referrals. and you can increase your referrals up to 2000 rented referrals. cost is \$70 to upgrade

50 rented referrals : $0.01 \times 4 \times 50 = \$2$ a day

1000 rented referrals: $0.01 \times 4 \times 1000 = \$40$ a day

2000 rented referrals: $\$0.01 \times 4 \times 2000 = \$80$ a day

****FOR ULTIMATE MEMBERS****

You can earn \$0.01 for your rented referrals and also to your direct referrals. and increase your number of rented referrals is 4000. cost is \$780 to upgrade

4000 rented referrals: $\$0.01 \times 4 \times 4000 = \$160$ a day

can you see how much you will earn here? what are you waiting for? are you going to slip this opportunity for you to earn while at home? don't be skeptical and too doubtful. you can make a research about this site and you can see that it's legitimate.

Alright, nice rip from another website. Why you have even posted this with misleading title and without your own proof?

Argyle - June 27, 2013, 9:52 pm

I have seen this I dont know how many times. You also have to put into account that not all Rented Referrals click their maximum of 4 ads a day, may not even click at all! You have to put into account your recyclation fees and such.

Why don't you show us your earnings to see if you even make \$50 a day, let alone \$160.

Blax - July 31, 2013, 6:17 pm

This tutorial sounds familiar to me...

chris696 - July 31, 2013, 8:20 pm

is probux and clixsense better than neobux?

How much money would I need to invest in order to make 160\$ a day?, I'm willing to invest money..
cause I don't want to make clicks that pay 1 cent everyday.

AbduSako - September 13, 2014, 6:58 am

Why are everybody saying they are Scam suddenly?
Because they turned off the forum?

They forum has been down for at least a week. There has not been any way to withdraw money for at least 2 months. They sad they where having some problems with paypal, and when I talked to paypal they confirmed that there where no problems. I'm sad to say this, but I'm afraid its a scam.

That sucks, theyll have to put up the forums again eventually.

Might be turning out to be a scam with the forums seemingly "closed" and no one is able to cashout or atleast has their cashout on pending forever. What I'm not able to understand was why would they spend two years building a good company that has all legal standards and scam its user just a month after their 2nd anniversary... where they losing more than they made or what? I really hope they don't intend on scamming users in the end.
