Thread: [\[AUTOBUY\] HOW TO GO OUT FOR AN HOUR AND COME BACK WITH \\$50! \[NOW ONLY \\$6!\]](#)

I'm no longer selling this eBook. Don't PM me.

En1gma - June 28, 2013, 11:01 am

I received a review copy of this ebook.

I think it will be easy to earn money with this method as it doesn't really have any flaws.

Note to buyers this isn't an online method, it is offline.

Recieved a vouch copy of this eBook,

The layout was nice & simple to read.

I would not use this personally as I don't think it is right and its a bad thing to do, but if you have the confidence then you could make some money with this.

Overall 8/10

?rofessional - June 28, 2013, 11:47 am

Well I have to say this method is very unique. I have never seen anything like it before.

I am sure this method will work easily and you should have a lot of money in your own time. This method is offline as someone has mentioned so you don't have to waste hours on the computer doing anything complicated.

I have personally asked the author and he has actually tested out the method (unlike others) before.

Overall I think this method is perfect for lazy people who need quick cash in their hands. What I like about it is that there is no paypal involved so a seven year old could easily do the method.

Thank you for letting me review this book and best of luck with sales!

My Review

Layout

The layout of this ebook is great. Everything is short and neat, so it is much easier to read.

Grammar

I think I have only seen one grammar mistake, which was a comma.

The language is very easy to read so it is suitable for everyone.

Method

Honestly, this method is 100% capable of making money, but it isn't moral. You are almost guaranteed even \$20 an hour,

which is still great money. It is a way of earning quick cash. You need to be confident that you will earn money, to earn money.

Ease of use

You will need good communication skills for this method. You will have to travel a good bit, for this to work perfectly.

Everyone, of all ages, could do this - you can even get your little brothers/sisters to do it with you. Once again,

the method is easy and can guarantee you cash, if you are willing to work for it, that is.

Everything you need is included in this file.

Kloe - June 29, 2013, 6:30 am

My questions is, do you need to something funny or doing something for people to get money, for example play music or such like that.

Was given a vouch/review copy.

The method of the ebook is actually very very smart. Its fairly easy to do. You would need some communication skills, and a way to get here and there to properly do this method without any hassles. This method guarantee you to make money. You can have my word for that. You will make a decent amount of cash with little time.

As for the ebook itself, it was easy to read and understand. Nice simple layout with little to no grammatical errors.

Overall, I personally wouldn't use this method due to particular reasons, but if you're in need for some nice and quick cash, don't hesitate to buy this.

Does this involve ASKING for money in any way ?

Cyne - July 2, 2013, 11:45 am

Does this involve asking for donations?

Froxide - July 2, 2013, 11:48 am

This method seems legit, I might try this out.

?Alexander - July 2, 2013, 2:07 pm

This does not involve asking for donations. You'll ask for money in a way but not really begging or asking. That's all I can say or I'll reveale the method,

Updated some things.

Also, I'm back from vacation so I'm here to take questions.

Dayalu - July 23, 2013, 5:48 pm

Bought it.

I must say that this is one obvious thing someone thinks of as a kid, yet the method will work.

I won't use it personally, basic con artistry; yet money is to be made with the method provided by the author.

Cheers,
Vir Inci.
