Thread: [Giving away vouch copy!](#)

?Alexander - June 29, 2013, 5:29 am

I'm giving away a vouch copy for my eBook: <https://hackforums.net/showthread.php?tid=3583380>

The eBook describes a method on how to make money offline and within the hour. You'll be getting atleast \$50 within the hour. No hard setup, just read it and ready to go.

I need somebody to write a HQ review of it. I don't care if you're an uber, leet or regular user, just post below and I'll pick somebody that'll recieve a vouch copy. When you recieve a copy, I expect you to write a HQ review.

Cheers!

I wouldn't mind doing this, but I recommend you get a l33t or ub3r as they seem more trustful and will increase sales. Good luck.

Hey!

I will very happy to fully test the method explained in the e-book and review it for you if you choose me. I will vouch of course.

I always had been looking for a good offline making money method and I will be glad to do this for you.

Really looking forward to your answer. :)

If you still need people to write a vouch for you Ill check out your ebook and write my thoughts on your sales thread.

1700block - July 2, 2013, 11:18 am

I'd write a review, and my opinion on the e-book in exchange for a vouch copy.
I'd write my honest opinion about the e-book.

Currently not giving away any copy anymore, will give more out in the future. When I'm giving out more this thread will be the first one to check and I'll randomly chose somebody!
