Making/adding so many features in flash would make it far too complicated and laggy simply not worth the effort when its perfectly HQ and 100% easy to use with manycams which does the job much better!

Tiny Hippo - July 5, 2013, 3:32 pm

I've contacted you 3 times regarding some concerns on the VCW, without a proper response from you. When I bought the VCW, you said you would get the pics for me within the hour, it's been 2 days now and I have not received any pics or support.

I had alot of messages these days and its hard to keep up. I have PM-ed you the pics and responded to your concern on skype 10 minutes after you messaged me but you went offline.

I responded 5 minutes after you replied. I never see you online on Skype for more than 10 minutes really. All you replied was "Hey" with no regards to the last message I left you.

You're probably from the US, I'm European, we have different time zones. Im mostly online during the day from 11AM - 6 PM I am 100% online on skype. And i check skype/HF regularly like once an hour on my phone (hence i cant be on for long).

Also anyone who bought it and didnt recieve the pictures PM me and I will send them.

T á c o s - July 5, 2013, 7:49 pm

This looks amazing. Definitely the best e-whoring product out there. Once i get the money im heading straight to this.

Capitalism™ - July 6, 2013, 1:56 am

Vouch for Electrode. This VCW really damn good. I was shocked by how good it was. He certainly outdid himself on this one. It almost hurts me to say it because i dont want it to get saturated, but it is truly an amazing piece of work.

Sabre4 - July 6, 2013, 1:20 pm

thanks you very much for the information provided. Very useful!

Jr. Olympian - July 7, 2013, 7:38 am

I've been waiting for the 30+ Profession Pictures I was promised for this pack. I have never received them yet.

I've PM'd Electrode asking where they are as well, and he hasn't responded.

If this persists, I might open a Deal Dispute until he gives me the pictures.

Kreaytive Shmuck - July 12, 2013, 7:50 pm

th€ ??!f ?f ?all \$t?€€t - July 13, 2013, 7:11 am

I am going to buy this very soon, But can you give me a demo or something?

Conscious Mind - July 13, 2013, 8:59 am

When changing from Chat loop to action (wave for example) you can see that video is "jumpy" and VCW is already saturated because Copies Available : 2/10 was like week ago, I saw few posts saying that he bought a pack but he didnt changed it.

Josylvio - July 13, 2013, 9:00 am

I guess you don't give out vouch copies?

Anyways, good luck with the sales.
