Watashi ga Motenai no wa Dou Kangaetemo Omaera ga Warui!
????????????????????!?

Synopsis: Kuroki Tomoko is a super popular, high school girl who has had 50 years of dating experience and 100 boys... in the Otome game world. In the real world, she is a 15-year-old shut in who has all of the qualities of a "mojo" (a gloomy or unpopular woman). However, when school isn't going as she expected, and she isn't as popular as she had thought she was, she takes a look at herself in the mirror for the first time in a few years, and has some shocking revelations...

That's what I thought too and there is no information that I can find about airing time or fansub groups considering it. Maybe they put the wrong date on the mal? :/

E: Very vague plot i'm assuming she'll find someone that's popular mid-way down the story I guess it's worth the watch.

KinGxKeV - July 9, 2013, 7:20 am

Have yet to watch it. Might dl the first episode when I get home from work.

If it's like the manga, then it's meant to be very episodic. I'm gonna watch the first ep now.

Cystomatic - July 9, 2013, 9:36 am

It's look good, going to watch it tonight.

King~ - July 9, 2013, 10:53 am

Just watched episode 1.

I didn't like the the non-important characters were just gray. I liked the OP and ED.
The show was pretty funny, but so far I like the manga better.

Right when I heard Tomoki Kuroki talk I realized it's the same VA as Kyouzuke from Oreimo ^^

It's kinda hard to make this completely a comedy because you feel bad for Tomoko ;_;
If the show had different music, it could actually be pretty sad/depressing..

If the show had different music, it could actually be pretty sad/depressing.. To be fair this was the first episode. I'd give it a few more before forming any real opinion... usually for me its 3-5 episodes before I judge a show.

Yea I know. I didn't really say "this show is bad" or "this show is good".

Bornogo - July 10, 2013, 1:59 pm

Is really awkward to see this show to many cringe moments

King~ - July 19, 2013, 12:52 pm

I forgot to post about episode 2. I thought it was funnier than the first (though that may have been because I watched it at like 5am..). Make sure to watch it through song at the end because there is more episode after it.

Junkie™ - July 19, 2013, 3:43 pm

If you like slice of life and awkward characters I would recommend. I get really excited when a new episode comes out. I can relate. Oh yeah, anime take has them there to download.

Kenji Harima - July 19, 2013, 4:55 pm

Its a funny anime, but not too funny just enough to keep you entertained. There is one part where her brothers friend calls her fugly and I just fucking died laughing.

King~ - August 1, 2013, 1:14 am

but really though the show can get depressing

TouhouTard - August 23, 2013, 10:31 am

The show is depressing but fun at the same time. It's a weird-ass combination.

Garden of Sinners - August 23, 2013, 11:14 am

I put this on hold halfway through the first episode. Did not like it much at all >.> I might give it another go later but the third ending I think it was thumbnail for the YouTube video also turned me off this series. Hopefully I can get past the first 10 or so minutes next time.

TouhouTard - August 28, 2013, 4:54 pm

Finished episode 6 and I lolled so hard at the ending part, shit went so awkward.

Diji - August 28, 2013, 9:42 pm

This anime seems more sad than funny to me.

I'm so sad that monday was the last episode..

Mondays will never be the same.

EDIT: 1000th post is about Watamote.. Perfect. :3

TouhouTard - September 25, 2013, 6:35 am

Yeah, monday was the last episode.

I really hope that there is a season 2, or else I'm going to be a very sad person.

All depends on the success of it. Would love it though, I love it so far... and hate it at the same time.
xD

There wont be :|

At least in the west, it didn't seem to be very popular.

I need to watch the last 2/3 eps

miles_prower - September 25, 2013, 4:29 pm

Somehow I feel it will end up stopping right where it did, kinda ends on a flat note to me but I'm not surprised. Overall I think it was a fun show, I lol'd.

DeleteMyAccount - September 26, 2013, 9:49 am

They are releasing an OVA to tie it up in October 2014, I suppose they have time for a second season but the manga itself is only on its 5th volume, so there may not be enough material for a season 2.

Fox - September 27, 2013, 10:27 pm

I watched all of the episodes and it was good. I like the OP that played in the last episode where she was running.

I've been reading the manga since it first came out and I can't wait for the first English volume this October!
