Thread: [\[REQ\] \[PLEASE!\] Need Userbars!! \[REQ\] \[LOOK!\]](#)

I really need userbars done for my health boards. I need them to match the following colors, and if you do add a logo to the userbar/PIP (whatever you want to call it), please make it something health related?

These are the usergroups I need the userbars made for:

You don't need to add "Health Boards" (Like how it says Health Boards Owner - Health Boards Administrator - Health Boards Moderator), you can leave out the Health Boards and keep it "Owner" "Administrator" (Or Admin) "Moderator" "Extreme Supporter" "Supporter" but if you could make them those exactly colors as in the screenshot, that would be perfect.

Also, if you could send me the .psd files so if I needed to edit them in the future, that would be amazing as well.

The size/dimension: I was thinking 180 X 25, or something around there.

These are the last things I need so I can start advertising. Please, please. someone be generous enough to make me these! I would greatly appreciate it a whole ton!

Contact Issac Newton or Calibur they are great. Caliburs cheaper.

My domain name is now changed. It is now longer: RebellionX.org, it is now officially related to health boards and is now:

HealForum.net

The only thing I need before I can start advertising are these userbars. Please, if someone can create userbars for me (Using the information given above), making them look very professional and related to health, I would greatly appreciate it.

Currently working on this. I've sent you a message on Skype. Get back to me, thanks.
