I have an immeasurable amount of respect for d3xus. The passion you have for HF inspires me and countless other members and your personality and strengths are rare treasures in the world. Good luck, HF is blessed to have you and I can't see any other member more worthy of this award than you.

Maghbool - July 1, 2013, 9:17 am

I voted for 630 since he has helped me before and is a very kind member.

But before I voted I knew D3xus is going to probably win or be winning most of the time through out the votes due to his popularity.

It's not because of his popularity but because he does so much for the forums, sure he may not donate but he does put a hefty amount of work down for the Writ3rs/group thread which is more than enough with the amount of group changes that there are weekly ?.

TL/DR; He deserves it by far.

blackshades - July 1, 2013, 9:20 am

Skiezo for the win. Outstanding member - In my opinion, definitely a future moderator!

TL/DR; He deserves it by far.I suppose donations influence who people vote for. I try to benefit the forum with a lot of different things, usually without thanks (although I receive a lot of gratitude for my work.)

CRT - July 1, 2013, 9:23 am

Popularity is bound to come with the work and dedication D3xus puts in.

Him and I personally don't even speak, and simply because I've seen the work he puts in his groups, as a Mentor & as a regular user--he's always willing to help, spreads knowledge when he can, and is also willing to learn, is the reason I've give him my vote.

I'm glad that MOTM has taken a turn for the better.

Revenge - July 1, 2013, 9:27 am

D3xus gets my vote without any doubt. He's done lots for the community and he deserves to be rewarded for his hardwork.

Yes I understand that but his popularity is due to what he does.

Just saying he's winning due to his popularity doesn't mean he isn't a good member.

He's 'popular' because of the work he does around the forum.

He helps, he learns, he shares. He's not popular through donations or anything of the sort, him being popular shouldn't nullify the fact that he's also a hard-working member.

Skiezo™ - July 1, 2013, 9:36 am

I didn't really know that much of D3xus. The reason I don't see him that much on the forum is because I'm most likely dedicated to a couple sections I'm active.

I've seen a couple of his threads and posts and I must say there is at least someone on top that actually deserves to win this MOTM.

I wish you all the best D3xus and everyone else that got nominated in this poll. For whoever voted/votes for me I really really really appreciate all your kindness.
It does really mean a lot to me and makes me think that I actually am a valuable member of this amazing community, Thanks.

Haha you should really at least give some people a chance to get the MOTM. Hating on them what for? They DID do something for the community otherwise they wouldn't get votes at all? Besides that you should take a look at their threads and posts.

D3xus deserves it though, that's for sure.

Just because their buddies nominated/voted for them, doesn't mean anything. I don't make judgement without justification.

Well I have seen a few people voting for me I don't even know when they actually posted on this thread that they did vote for me?

And I didn't even know I got nominated till I saw this poll.

There are also a lot of people who would like to vote for a specific person but they never browse this Rules, Announcements, News and Feedback section. And they get never to vote for that person. I mean if this MOTM would be advertised each month on top of HF, I'm sure there'll be even more of votes given.

And what makes you think that "Their" buddies don't think he/she do deserve the MOTM? I mean if he helped his buddy out several times for something he needed than its obvious he/she would vote for him.

Vinnie - July 3, 2013, 2:10 am

I'm very happy to see D3xus ripping the voting system apart.

Good job buddy.

Raptor. - July 3, 2013, 5:59 am

I think by now it's pretty obvious as to who is going to win MOTM June 2013, early congrats to D3xus.

D3xus - July 3, 2013, 7:34 am

To add onto Skiezo and Pali's discussion:

The best thing that can happen in this contest is to have people who you don't know vote for you and praise you. That means you've affected or influenced people outside of your circle of friends

and really made an impact in the forum as a whole.

To have people whom I don't know very well congratulate me for sweeping this contest or say they've voted for me is something new to me. But it proves that people appreciate the work I do and want to recognize me for it, even if I can't individually thank every single one of them.

Vince - July 3, 2013, 8:01 am
