Account(s) Giveaway!

[Previous Thread](#)

This giveaway was originally in the name of the ex-official group "Respawn". The group was comprised of gamer's, and the accounts purchased were out of my pocket.

Please note as an account dump there is the chance of null accounts (Meaning no games on them or login is wrong).

How to get your account(s)Read the note.

Rules and ToSOne account per l33t, two accounts per ub3r

No asking for specific games, you will be ignored

You may get non-working accounts

PM me for your account, posting prior to receiving your account will leave you waiting for a while!

If your account(s) do not work, you may re-request once I purchase more!

Please respect generosity!

This giveaway was created out of pure kindness, I've found that giving to others is usually a good way to feel better about yourself.

Please don't take advantage of this giveaway.

Temper ? - July 3, 2013, 6:57 am

Could you please tell me what they do?

Cause they work for me, and it's how I've done it in other giveaway's.

I have no PM's from you.

People still requesting accounts will not receive for a while, just putting that out there, even though it's in big red letters at the top of the thread. ???

Celtic - July 7, 2013, 6:02 am

Going to PM you now sir thanks for this :)
