Thread: [Strangest product ever sold on HF?](#)

Darkwin - July 3, 2013, 11:27 am

So after viewing the Marketplace for awhile i just got tired of seeing all the same booters/rats & java products and it made me think about when the marketplace use to have an large variety of products.

I'd like to know, What are some of the strangest products/items you've ever seen up for sale on the marketplace?

Mines would have to be Queen sized Mattresses & Fleshlights.

630 - July 3, 2013, 11:30 am

Someone was selling penis enlargement on HF once.

Tibit - July 3, 2013, 11:30 am

Easily I'd say the Dildo's, fleshlights, matteresses, and I believe someone once sold poop from poopsenders.com (which is actually legit)

Cognitive - July 3, 2013, 11:31 am

I've tried selling my body before. Saged bought it.

I sent him a PM where two frogs were... yeah... and I told him I was on top. Saged doesn't want me anymore though. I've also seen someone else on HF try to sell their body.

Thvt Kid - July 3, 2013, 11:34 am

I would have to say the fleshlights, but the weirdest part of it to me was the people asking if they could buy specifically used ones..

King of Diamonds - July 3, 2013, 11:34 am

I saw someone a long time ago attempting to sell his used flashlight..this was about a year or two ago.

Several people sell pictures of themselves here. xD

Still think that poop was pretty funny though. Didn't know poopsenders.com was legit until I send

one to xadamxk.

I remember someone selling condoms here and he actually shipped them.

How would you know if he shipped them? Did you buy some? ?

I'm sure there are crazier things.

I had a place holder for one of my stickies back when I had like 9 before Omni changed the rules, and I put "Bullying Lessons \$50/hr" it was a joke for The Empire members and some people thought it was legit, a person even made a community alert saying I was teaching young kids to abuse others or something like that then junked it when they found out it was a troll.

+Awesome - July 3, 2013, 11:46 am

I remember someone selling camels on HF. I think he got a lot of vouches as well.

PiraX - July 3, 2013, 11:48 am

Only oldfags will remember this, but, someone was selling "Dracula sand" in little vials. It was comical.

It was sand from Bran castle in Romania (or from someone's backyard, I'll never know), I bought some, it's sitting in a box somewhere in my basement.

How is that possible? She's not a virgin anymore at that point.

And don't you dare up bring semen-filled turkey basters.

Miyata - July 3, 2013, 12:08 pm

Mattresses are fine, just SEd goodies. Fleshlights? Lol this forum is full of 14 year old perverts, so obviously it was a good business. Someone should order a bunch from china and sell it on here again for 2x prices. I bet they would make a profit easily.

Weirdest shit I seen was someone selling their girlfriend's pictures with anyone's username on it, and variety of clothes available for her to wear.

That's just creepy and sad.

There was a kid once selling 2 real camels.
And even a car.

aspirin - July 3, 2013, 12:28 pm

imo the strangest product sold would be the time when a guy was selling pictures of his girlfriend.

1337r0x - July 3, 2013, 12:28 pm

I guess BlackCPAlead ... it's only one of it's kind

Nieeli - July 3, 2013, 12:29 pm

Royal ! - July 3, 2013, 12:31 pm

I've seen a guy selling a RAT like an year ago on HF and one of his accepted payment methods were "Two Camels" .

Visualize - July 3, 2013, 12:38 pm

I don't really think selling mattresses was that strange, considering they were vouchers (unless we are talking about a different thread that I am unaware of). The camel thing sounded interesting though

Chuck Sin - July 3, 2013, 12:47 pm

Well, I can do some pictures of your name on my fatty chest, is that strange?

XMarkX - July 3, 2013, 1:47 pm

I saw someone selling Anus tightening Gel and Ball freshening products...

Tenaxium - July 3, 2013, 1:48 pm

About 1 hour ago someone was writing anything on HER OWN BOOBS and sending it to people for free :/ That's just odd. Staff made quick work of it, although I am sure Saged sent a little PM.

No sarcasm intended.

Fleashlights and mattresses were the two weirdest products I have seen/heard of being sold.
