What did you think of this movie? I did not enjoy it much, I was expecting more, like Die Hard 4 which I thought was brilliant

Die Hard 4 was good but...

The best Die Hard movies is the older ones.

I expected too much from it I think... it was kinda really bad

Could have been much better didnt think the story was too well thought out however there was plenty of action and special effects

The new one does not live up to its name. The older ones were far better. 1-3 were the best. 4 was not too bad, and 5 was really bad.

The one with the hotel and the German guy and Carl the cop was the best. The 4th was the 2nd most interesting one IMO (because of the modern theme) and the 5th was Call of Duty: The Movie.
