First Type This So You Already Have This Done

```
Code <html>
Tab <title>Name</title>
Tab <head>Banner Logo here</head>
<br/>
<body>
```

```
</body>
</html>
```

Second Step if your wanting back ground color here a link full of color html codes for background color: <http://www.computerhope.com/htmcolor.htm>

```
Code <body bgcolor="colorcodehere">
```

Third Step if you are wanting Font different color follow this step next also you can use the link in Step 2 to find your color you want your font color to be....

```
Code <body bgcolor="colorcodehere">
<FONT COLOR="colorcodehere">text text text text</FONT>
```

Fourth Step if your wanting to add images I use imgur.com it works for me but here how you add images....

```
Code <body bgcolor="colorcodehere">
<FONT COLOR="colorcodehere">text text text text</FONT>

```

Fifth Step How to link other web pages you own to your Home Page... Here a few how to add web pages to Home Page....

```
Code <a href="http://www.google.com">Google</a>
<a href="http://www.yahoo..com">Yahoo</a>
```

Sixth Step how to add skype to your page just copy edit this with your info: and closing off the page....

```
Code <center>
<script type="text/javascript" src="http://cdn.dev.skype.com/uri/skype-uri.js"></script>
<div id="SkypeButton_Chat_yourskypenamehere_1">
  <script type="text/javascript">
    Skype.ui({
      "name": "chat",
      "element": "SkypeButton_Chat_yourskypenamehere_1",
      "participants": ["yourskypenamehere"],
      "imageSize": 32
```

```
});  
</script>  
</div>  
</body>  
</html>
```
