Just a question, are spammers used for the sole purpose of trolling?

Vaxorr - May 31, 2014, 1:22 am

They are used mainly in trolling and advertising.

Thanks Egypt, I a member of hack forum for the past... hummm....at least 5 min. And it is, indeed, a very impressive collection...

And you are right about the multiple way to use it.

I use chatspace for the 2 last years and the only one I want is the DeLuXe one, can t wait to try those...

I ll give a shot...and a comment

Bye 4 now.
