Thread: [\[REQ\] Forum Userbars](#)

?-Elision- - July 12, 2013, 11:06 am

I need a few userbars for AlphaForums

<http://alphaforums.com/>

Userbars I need:

Admin
Staff
Sponsor
Alpha
Zeta

It must look professional.
It must have a readable font.
Dark colours in general.

Use the following template

[/quote]

Thanks in advance to whoever does this!
:)

Can someone help us here please?

Thanks very much..

This is my attempt to make some userbars. I am not an expert in this but I wanted to help you out. All modifications are possible. Hope you like it.

;))

Those are very, very hard to read. Use a different font.

Solid Cloud - July 14, 2013, 10:47 am

I kept his color scheme and changed the font. I put them together for ease but if you need then individual without white space I can do that.
