It's a real simple and easy method just make sure to read very carefully so you wont get confused ?

Here is an nice song while performing it :3

[Video: <http://www.youtube.com/watch?v=gijSXDgn5F0>]

First go to Quote:<http://twiends.com>

After that, click on 'Sign in with twitter'

If you're signed in,

Follow people to get "Seeds" With that seeds you can reward others to follow you.

It'll speak for itself. haha Goodluck ?

Thanks guys ?,

Go to settings, there you can change how much seeds the person get when he follows you, after that they will follow you automatic ?
