'spam' referring to the Share_Cash link I believe ?

-mothered- - April 12, 2010, 3:22 am

Mate, what ever link you decide to provide, Is your prerogative and I don't judge people on their beliefs. Be It \$hareca\$h, then be It as It may. It's now up to the user (myself) to download If I decide to do so.

Now having said that, I must say that I like the tool mate. Looks quite Impressive.
Appreciate the share :)

COOL_ZERO - April 14, 2010, 5:42 pm

LOL He is a retard, p.m omni dumbass tell him theres a share_cash link to a 4chan spammer. Read the rules or ask someone who knows share_cash is tottaly allowed.
whats wrong with you ?

Read this when you come back here hoping that its not a share_cash.
