Lol iBF was a huge troll. I remember one of his threads it was so fucking funny he trolled some normal guy. Black Shadow must have the thread in his collection of thread pics. c:

No, I would suggest you only contact Omni about rep abuse.

Isn't Omni too busy with other important stuff to worry about rep abuse? Just wondering.

Yeah, because only Omni can check pms. Not sure about Xch4ng3 though.

No, he isn't in charge of reputation abuse any longer.

Well, he is extremely busy but he still deals with it to a certain extent. He reads all PMs sent to him, but I suggest no one wastes his time.
