Anime recommendation: Danganronpa: Kibou no Gakuen to Zetsubou no Koukousei /
Danganronpa: Trigger Happy Havoc

Quote:Genre - Murder mystery, Suspense, Psychological, Urban fantasy, Action/Adventure

Episodes - 3/13

Status - Airing

Synopsis:

A group of 15 elite high school students are gathered at a very special, high class high school. To graduate from this high school essentially means you'll succeed in life, but graduating is very difficult. The school is presided over by a bear called Monokuma, and he explains to them that their graduation hinges around committing a murder. The only way to graduate is to kill one of your classmates and get away with it. If the other classmates discover the identity of the killer, the killer is the only one executed. However, if they fail to catch the killer, only the killer graduates and the others are annihilated. Which of the 15 will survive the bloodbath to come? -MAL

My opinion:

Personally I love anime with survival theme in it, just like this. To escape, you gotta kill. So obviously you gotta come up with plans and stuff, to both attempt to escape and SURVIVE.

If you love mystery or psychological battles, you should definitely watch it! It's somewhat like Mirai Nikki whereby the characters got to kill each other, or somewhat like Death Note whereby you need to figure out mysteries. I promise you it won't disappoint you, just watched all the 3 episodes that aired and the graphics is good. No worries though, there's no blood and stuff in this anime, so if you're afraid of gore, there's no worries.

Similar animes:

If you like Danganronpa, you might want to try Mirai Nikki/Btooom/SAO/DeathNote

For those who watched the anime, do discuss about it! Don't forget the spoilers tag too :P

Note: This is my first time making such thread, pardon me if it's not up to your expectation. ;)

I put it as one of my to wait to watch list. Waiting for the entire anime to be done before I actually watch it.

Adlil - July 20, 2013, 11:02 am

The characters are pretty outrageous/have very clear and set personalities for this show. That last episode looked like it had 5 or so minutes straight from the VN. Still going to watch since it's one of those stories that's like Life Is Money or Rabbit Doubt. The VN for PSP is translated, so I might try that out, too.

Cystomatic - July 20, 2013, 11:12 am

Everyone should watch this, this is really good.

That punishment though lol.

King~ - July 20, 2013, 11:23 am

From a review I saw it didn't seem very interesting but I might wait until it is finished airing and see what people have to say about it.

BEST GIRL

gorouchan - July 20, 2013, 5:57 pm

I really liked this! I love gore-ish type of anime. I love how characters will be brutally killed :3 Especially annoying ones, namely that girl with glasses who is 'negative' in nature. Dayum I can't wait to see her die.

ddol - July 20, 2013, 6:16 pm

TL;DR

jk

Another 13 episode anime, a lot of those this season. lol

Programmargorp - July 20, 2013, 6:23 pm

As of ep 2, the pacing of the anime is completely crap compared to the game. Curious as to seeing how this will turn out.

But then again, the game is like a 30 hour VN.

Cryptography - July 20, 2013, 6:53 pm

Looks interesting to me. Once the season finishes airing then I'll surely watch it.

Producing an anime from a game / VN is obviously going to seem sped up, especially because they're testing the waters with this, seeing if they can make "S2" or super danganronpa into an anime.

imo having played the games, I think it's a decent adaptation so far, the animation and voices are pretty good too (idk if they have the same staff or not).

I even admin a page on FB for the danganronpa anime right now.

Gotta post this though xD

Programmargorp - July 21, 2013, 3:31 am

Watching ep 3 right now. The Class Trial execution was done so bad compared to the game.

Nam Duong - July 21, 2013, 3:53 am

This is on my to watch list. Sounds interesting, but didnt catch my eye like some of the other series.

Kolz - July 21, 2013, 4:00 am

It definitely caught my eyes, for now I'm pretty interested in it, it seems pretty good and I like it overall. It definitely is fast paced though, it seems like they're planning on killing one person per episode, just knowing that it'll be over that fast is a bit meh..

Don't open if you didn't watch episode 3. ([Click to View](#))Also the fact that they killed the idol annoyed me, and I had just began to like the way she acted, especially after seeing how she had planned the whole murder up.

Wait for the plot twist near the end. Curious as to seeing how they'll pull that one off.

Tail8 - July 21, 2013, 4:43 am

the execution was the same as the game's except less gruesome, how disappointing

Anyone watched the ending of Dangaronpa? What are your views?
I'm rather disappointed.

Yokomoto - September 28, 2013, 4:37 am

finished it, was good imho. second season coming i guess.

Omshivam - September 28, 2013, 8:24 am

Started watching this today!
On episode 3 and it's good so far! ?

I like the end debate where they deduce who the culprit might be; but I wonder if they'll catch the cluprit every time...

Rakshasa - September 28, 2013, 4:01 pm

Worst series I've watched in quite a while. No idea why I didn't drop this before.

Elweth - September 28, 2013, 6:18 pm

Yea I heard people talking bout second season coming out in March 2014. Not sure if it's true though.
I would say the last 2 episodes are rather disappointing..

DarkShadowz - September 28, 2013, 11:44 pm

The last episode was way too rushed compared to all the others, but the series was satisfactory in the end :).

Wolflord - September 29, 2013, 3:14 am

Despite all the bad reviews, I'm currently rating this anime quite highly. The characters are MEANT to be standard stereotypes. Sometimes it makes things a bit too obvious, but the show is actually really intriguing and good in plot so far.

EDIT: Just finished it, definitely an anime I would recommend watching. Good plot, good characters for the most part, and overall good quality. The ending leaves something to be desired, but that can be said about a lot of animes.
