I am very disappointed with the ending:

Spoiler ([Click to View](#)) Their was like no development in the relation ships and due to the nature of the anime, Anything could have happened and it sucks hard because we don't know if Harima will stop being obsessed over Tenma and get with Eri. I wish they made a 5th season :c

What do you guys think?

The ending wasn't bad. The anime had to cut short because of stupid issues. And the manga ending was not clear cut because the author himself became lazy. The series is good, sadly it couldn't get the support it should have.

School Rumble is one of my least favorite anime of all time. Nothing funny about it.
