Can you show proof of your earnings? This seems good. I just want to know how much cash we are talking about. xD

Autopost - July 22, 2013, 3:15 am

Mind including the dates on that image, just to make sure ?

FluMist - July 22, 2013, 3:19 am

Aw man I really am interested in this, but I have a question. Is what you are doing morally correct? I do not want to set something up trying to get donations or something like that :s if not I am very interested.

+Reckless - July 22, 2013, 3:20 am

It is morally correct yes. Nothing bad about this. I will post a new image in a second, just took that one real quick.

FluMist - July 22, 2013, 3:23 am

Okay then I will most likely be trying this for ten bucks, also do you know when adnooka pays out? It says net 30 and I have like 50 bucks I want :p once I get that I will have the money to spend xD

Prime - July 22, 2013, 3:26 am

How much dollars can you earn in a day? Is cashout instant? Is there any big complicated stuff?

+Reckless - July 22, 2013, 9:17 am

This is not complicated at all! Cashout is indeed instant and you can earn upto \$50 a day depending on your effort.

Fuck.. can you mostly likely guarantee my money back after this? and is it blackhat what so ever?

+Reckless - July 22, 2013, 11:11 pm

If you put some effort, yes. It is not blackhat.

Eaesi - July 23, 2013, 6:25 am

Fernet - July 23, 2013, 1:31 pm

Dont understand something.. Says 100% autopilot but down that needs 1-2 hours of work.

+Reckless - July 23, 2013, 5:30 pm

Just to point out, this method is whitehat, does require some setup, and is almost 100% autopilot once setup.

Fredo Santana. - July 24, 2013, 5:48 am

I would like to vouch for this method, as flubby said it is 100% auto pilot and almost anyone can do it!
