Plot:
MangaFox

Monsters—they're real, and they want to date us! Three years ago, the world learned that harpies, centaurs, catgirls, and all manners of fabulous creatures are not merely fiction; they are flesh and blood—not to mention scale, feather, horn, and fang. Thanks to the "Cultural Exchange Between Species Act," these once-mythical creatures have assimilated into society, or at least, they're trying.

When a hapless human teenager named Kurusu Kimihito is inducted as a "volunteer" into the government exchange program, his world is turned upside down. A snake-like lamia named Miia comes to live with him, and it is Kurusu's job to take care of her and make sure she integrates into his everyday life. Unfortunately for Kurusu, Miia is undeniably sexy, and the law against interspecies breeding is very strict. Even worse, when a ravishing centaur girl and a flirtatious harpy move in, what's a full-blooded teenage human with raging hormones to do?!

I actually enjoyed this manga, however I am into some weird stuff and went on a harem bender tonight.

The plot by MangaFox is sufficient. If you are into a little anthro then you'll enjoy the artwork at least.

The plot is a traditional harem with a chaste protagonist busty (some) babes who fall for him quicker than a hat drops, etc. Really why I liked this manga is the monster aspect. I enjoyed the artwork, the interesting species they brought in, and the story was decently bearable.

6/10

So you liked it but only gave 6/10? 6/10 is a F. :/

6/10 is above average. Also this reminds me too much of monster girl quest. :/

I did like it. It had me smiling a few times throughout. However the series is still ongoing.
