Create your own QuiBids-style penny auction business today.

Brought to you by: [Ap](#)

[Information]

Code Main Features

The following features are included in ALL packages that we sell as standard – there are no additional fees for these options.

Bidding in the Penny Auction format. Paying per bid and the price increases by a set (or variable) amount.

Other auction formats including Reverse Auctions, Beginner Auctions, Ticker Auctions, and many more.

Redesigned! CMS allowing you to add your own content. Add pages, newsletters, auctions easily and in seconds.

Full Members Area. Your members login, update their account, purchase more bids and pay for their won auctions.

8 Payment gateways as standard (many more available), set up and ready. PayPal, iDEAL, Authorize.net, Google Checkout and more.

Award your users with free bids, coupons, bid packages, affiliations and more.

Let your users receive free bids for registering, winning their first auction and for buying bid packages for the first time.

Dynamic languages/currencies/time zones. Truly multi-national in every sense.

Allow your visitors to use Buy It Now if they truly cannot wait. The auction continues – double the revenue instantly.

Powerful CMS

Use the Content Management System (CMS) to administer your website, right in your web browser. No need to edit any code or script.

Add, edit, delete and clone auctions in seconds.

Full product inventory and “short codes”.

WYSIWYG Editor – no ugly code!

View the winning bidder and update the status of the auction – e.g. pending, running, ended and completed.

View, edit, add, delete and suspend users, and block abusive users permanently by IP.

View users bidding history, purchased bid packages, add free bids to the user and refund bids for the user.

Manage the entire website content anywhere in the world with an internet connection.

View referrals/coupons/affiliates for all your users.

Fully optimized for Search Engines (SEO) to boost your website rankings, out of the box.

Tweet this! Full social network compliance & integration as standard.

Payment Gateways

8 Payment Gateways integrated as standard & ready to go.

SMS Payment (Premium/Professional packages only).

Other payment systems (NBePay, USA Epay etc.) can be included for an additional fee.

Advanced Features

Powerful Bid Buddy (automated bidding system) – the ability for users to 'book their bids' in advance.

Refer a friend section. Members get free bids by referring a friend.

Test/Autobid feature. Test your website prior to launch.

Free support & development, 24 hours a day.

No licence key included... cannot register even as admin

Jack Bauer - October 5, 2013, 8:20 pm

looks good but wouldn't it be scamming if you don't have the products/ xD
