Thread: [where can I find an image icon?](#)

ExoKnight - July 25, 2013, 5:53 am

Want to make my file look like a picture file. Where can I find an image icon?

Browzer - July 25, 2013, 5:54 am

iconfinder.com

Best site for those kind of images

Thanks found the icon I was looking for. :)

Brawler HF - July 25, 2013, 6:06 am

You could also download a picture then convert it with <http://www.online-convert.com/> if you're looking for something specific.

aprilpickel - July 26, 2013, 1:40 am

Try taking a real .jpg, using axialis icon workshop or other wares to convert it to .ico.

Sk1leR_SRB - July 26, 2013, 1:56 am

Just type icons in google,if you want to transfer image to ico go to convertico.com

redpois0n - July 26, 2013, 2:58 am

iconfinder is my best site and a converter from png/jpg to ico etc

there is online websites for that

byfrost1 - July 26, 2013, 11:21 am

try these 2

<http://www.iconarchive.com/>

<http://findicons.com>
