Hey, guys. If someone could make me a forum signature and make it look pretty good, I'm willing to pay a price as long as it's not extreme. If you don't trust me, I can always send the money first.

What I need:

Brett
RuneOwn Forum Moderator
If possible, make it animated in some way simple.

Sorry if I'm being a little specific. ?

AVATAR:

Just the letter "B" with a transparent background. Make it look cool. :P

If you need to contact me, my skype is: brett.chevelon

Now first of all, this is the Free Graphic Requests section, which mean there is no money offering here.

Smart Ass? I was gladly going to help you for free, but right now, I think I will restrain from doing so.
