Hello! Welcome to my Steins;gate review! Im not too great at greating reviews but hey, bare with me ?

Plot synopsis: Steins;Gate is about a group of friends who have customized their microwave into a device that can send text messages to the past. As they perform different experiments, an organization named SERN, who has been doing their own research on time travel, tracks them down and now the characters have to find a way to avoid being captured by them.

REVIEW:

Art style: Nothing to special, just the usual.

Plot: The plot is really good. It makes sense and it is really easy to folow even though its something as complicated as time travel. In the start of the anime it is really confusing only because everything else will be explained later. So if you think the start is kind of weird and jumbled, its not. There is a lot of higher thinking that comes later.

Character development : I really felt for these characters. This anime is really funny at times, creepy, and sad but this anime pulls is off extremely well. At times it can be really really depressing but this only proves how well you have gotten attached to the characters.

The characters progression in this show is really fantastic. Especially the main character Okabe Rintarou.

The ending: I really liked the ending to this anime, it really got to every point that needed to be addressed. Spoiler ([Click to View](#)) and my god, I absolutely loved the relationship between Okabe and Kurisu. In the end, I really felt that you would be able to start a life together and be happy for the rest of their lives.

Overall review: 5/5. This is probably on my top favorite anime list. This is just pure art. No other words can give it justice.

Ughhh, I've had this on my stalled list for over a year now. Every time I get about 5 episodes in, then something else comes up and I forget about it. ;-; TONIGHT... TONIGHT I SHALL GET INTO IT THOUGH.

Hahah, you really should watch it. It's defiantly worth it. I don't know how you could watch 5 episodes and forget about it XD

Kotei - July 29, 2013, 12:13 pm

Because the first five episodes just didn't intrigue me enough to want to make it my priority. ;3;

Yeah, I think around episode 8 is when you start to understand the basic plot. That's when I started to really like it.

Nam Duong - July 29, 2013, 2:26 pm

Yea, the anime starts off slow, but then it gets better. I personally loved Steins;Gate but there were some slow parts.

King~ - July 29, 2013, 2:53 pm

umm that "art" is from the visual novel.. lol

Anyways, I'm adding this to <https://hackforums.net/showthread.php?tid=3491251>

Anime tattoo collection 0.o? Do you have just a bunch of anime tattoos? If so that's freaking sweet

Tasemu - July 29, 2013, 11:33 pm

Yeah though I'm still working on the finishing touches. Ill probs post it up after that.

Kotei - July 30, 2013, 10:41 am

Okay, okay, okay. I got to episode 8 last night then passed out. I'll get to 15 or so tonight, I AM GOING TO FINISH THIS DAMMIT.
