Thread: [Scammed \\$9 by Zymfk UID 1228485](#)

Eryn - July 30, 2013, 8:36 pm

I posted a thread saying I wanted to buy a booter and Zymfk messaged me saying he would sell me one. I agreed to send him \$9 for the booter and after I paid he got off and I didn't hear from him until a day later. I pm'd him asking what was up and he said he was busy and he needed another hour.

Eryn - July 30, 2013, 10:11 pm

Like I don't understand why they scam for such a small amount? I make \$15 and hr so \$9 doesn't mean shit to me. It is really pathetic though.

Look at how many other times he has scammed. It is ridiculous.

Brod † - July 30, 2013, 10:12 pm

Why did you even deal with him if he had open scam reports? Sad to see it happened nonetheless.

clark.dll - July 30, 2013, 10:13 pm

Sorry this happened, but he just scammed someone else today.. You're just as responsible as he is. Next time please search his UID.

Eryn - July 30, 2013, 10:14 pm

I didn't even look. I should have though. I was a dumbass.

Read my last post for a better signature bud! I'm not really sure why they don't get any sort of ban or anything. Good question.

Common question, they don't get banned because staff do not get involved in deals on HF.

SWS. - July 30, 2013, 10:16 pm

Well what do you know, he's scammed yet again. I think this is like 4 or 5 scam reports that I've seen in 3 days. People really need to take my advice in the rep that I left him and never deal with him again.

Where is it against the rules? Scamming is not a problem until it's done to you. As sad as that sounds, it's true. All you can do is do everything you can to trash his sales and warn others ?

Don't expect to win anything. It's just a lesson learned. If he's sad enough to scam you for \$9, just let him while we all just shake our heads at him. He's a loser. Nuff said.

Eryn - July 30, 2013, 10:28 pm

I am never going into a deal without doing a full search on them. Yeah I guess it is a learning experience.

Did you even read the op? Haha what are you on about?

Impulse - August 3, 2013, 12:22 pm

This guy scammed me a while ago, tried to make things right but never did.

Overall I just can't believe he is still up to this, and now he's UB3R, great.

Eryn - August 3, 2013, 4:08 pm

How does a scammer get accepted into ub3r when he was a scammer prior to being ub3r.

(Aug 3, 2013 04:08 PM)Eryn Wrote: [\[CITE\]](#) How does a scammer get accepted into ub3r when he was a scammer prior to being ub3r.

That's a good question. I guess Omni doesn't care if he's a scammer as long as he pays the \$20 to upgrade his account.

Eryn - August 3, 2013, 5:43 pm

It is honestly fucked up. I thought he is supposed to protect the community?

He still has not refunded me. This guy is a pathetic twat. Scamming \$9. Shit you obviously need it more than I do. You can't even go ask your mom for a few dollars cause she is busy working the corner like the tramp she is. She is a fail of a parent, raising a worthless prick of a child who would steal a measly \$9. Haha pathetic kid.

Business - August 4, 2013, 11:59 am

He scammed me \$100, and is saying in the paypal dispute that I am at fault. Ridiculous.

Eryn - August 4, 2013, 12:00 pm

I contacted Paypal and they have done nothing. I want to get the law involved cause this is out of hand.

Zagreus - August 4, 2013, 3:53 pm

Why are people still getting scammed by him? Don't they check for scam reports? This guy have like 15+ unresolved scams and still people decided to go ahead with the deal. Anyhow, good luck man.

Eryn - August 4, 2013, 4:03 pm

It was done awhile ago. It is whatever. Bitch obviously needed it more than me.

This HF member named "Zymfk" scams people for \$9...

Hope you get your money back OP

Eryn - August 4, 2013, 7:46 pm

Nahh I probably will not get my money back. It is whatever though. It was only \$9

TheKrypton - August 4, 2013, 7:50 pm

Sorry to hear that man :(...Well he will continue scamming for .50c soon lol, but no worries man, shit happens and for him, he will receive his punishment someday, 10 times worse. Omni gives no fucks anymore now (My opinion), he owns I don't know how many more forums, and if this was reviewed by a human -- he would have never been upgraded.

Eryn - August 4, 2013, 7:52 pm

I thought the admins and staff were supposed to protect the community from scammers. Guess not.

Usually scammers don't get banned because staff doesn't get involved in deal disputes.

Yeah he keeps saying he will refund me but hah we all know it won't happen.

?harizard - August 18, 2013, 2:34 pm

If he admits to scamming, you can contact a staff to get him banned

Eryn - August 18, 2013, 2:46 pm

He nerve admitted to it. He just disregarded our deal.
