Thread: [\[Free\] Tank's S.H.E.M.Y. Guide \[Free\]](#)

Tank_ - April 13, 2010, 8:56 pm

So, after about 10 sales, I decided to release my S.H.E.M.Y. Guide to the public. I hope you enjoy it as much as they have.

Damn that's fucked up. Lol. Np. :D

Damn, yall are some leaching motherfuckers. At least post if you're getting it, lol.

MagicSpeed - April 13, 2010, 9:07 pm

Thanks a lot Tank! ?

I bet some of your customers are going to be a bit angry though.

Don't see why. Download the book, you'll understand why.

Kotei - April 13, 2010, 9:24 pm

You...Are...My...Fucking...Hero!

When I get my paypal verified I will have like \$4 spending money...

You want a nice donation of \$4?

cybr - April 13, 2010, 9:26 pm

Rawr, I shall download this, and post an unofficial review of this free eBook. :D

GI?ryallowed - April 13, 2010, 9:27 pm

I'm getting it even if I won't read it.

Lol, did you like it? X3

Yeah, sure, why not lol.

mueny - April 13, 2010, 10:04 pm

thanks, applicable to stock market?

cybr - April 13, 2010, 10:11 pm

Unneccesary, and unofficial review, but this what I felt, and decided to put it into a review format.

Review: 5/5

=====

Quality of Information: Amazing. This is one of the cleanest, well-written guides I've ever read.

Pages: 16

Ease of Use: 5/5 It's really simple.

Layout: 5/5 The layout is great. Easy for the reader to navigate through the guide, and find whatever he/she's looking for. The colors used makes it so easy to read. Table of Contents lets you

know what you're going to read, and where you'll read it.

Grammar: 4/5 Almost no grammar, spelling, or capitalization errors on this guide. You probably won't find any if you aren't looking for them.

Originality: 5/5 I've never read anything like this before. Very unique guide, Tank. I didn't think anyone would write a guide about this.

The Good: Everything. High quality, really easy to read, the layout and content is great, and the grammar makes it look professional.

The Bad: None. There aren't any bad traits in this guide.

Bottom line:
You should take the time you read it. Even if you don't care about economic manipulation, I advise you to atleast skim through it. Even if you know what content is in here, read it anyways. It's well-detailed so you know completely what it's about. The colors and fonts used in the guide makes it easy, and fun to read. Tank has an amazing skill, and is sharing it with the community. It's a really good guide, and it won't take you forever to read. I almost jizzed when I was finished reading it. He obviously spent a lot of time writing the guide, and perfecting his Skill Test.

My recommendation: Read it. Now. You'll gain knowledge - I did.

It is, in my own opinion. Make your own. x3

:D - April 18, 2010, 10:46 pm

I saw a grammar error :D. Anyway, the guide is really detailed, but most of it comes from common sense as I have spent so long here and in other communities (thank God I didn't pay for this), also, didn't Far say to buy Bill Nye's guide instead of his/her one? I really like the interaction you used with the customer

Lol, eh, it's basic techniques I felt that everyone should get ahold of. Believe it or not, some people don't know basic economics. ?
