Thread: [Asset's Exchange Service | Payza <-> Paypal | Paypal <-> BTC <-> Payza](#)

**Asset** - August 1, 2013, 4:24 pm

No longer in operation.

I've decided to shut this service down because of limitations, hope you understand.

I can't recommend any other exchangers, but use one with a good history.

Remember to deal with care!

Hello, I'm doing all kind of exchanges.

I have different rates for every e-currency. So PM me for a quote!

Currencies: Paypal

Payza BTC

PSC

Contact:

PM / Skype: NONE

Other:

I can also do services like fill your balance at different websites.

An example of this could be Probux.

I will not go first, no exceptions.

You must make sure that your Paypal or Payza account isn't banned, restricted or limited before contacting me. You must check your Paypal, Payza or BTC balance before contacting me.

I have different rates for different currencies. Please contact me for a quote. All deals are done in USD, unless anything else is stated. If you send me CAD, I will send you CAD.

You will pay all Paypal and Payza fees. Failing to do this will result in receiving a lower amount.

BTC prices are in USD. If you use other dollars, then please send the corresponding amount.

Payza payments must be sent as a donations. Paypal payments must be sent as friends and family or gift. It is recommended to contact me with a PM before dealing with me. This is to avoid imposters.

I can refuse to deal with anyone without giving any reason. These conditions may change over time. Special conditions can be arranged.

By adding me on Skype and/or sending me a private message about an exchange you automatically agree to what's written above.

\* There is a fee of 0.0001 BTC when I send you BTC. This means that you'll get 0.0001 BTC less than you paid for.

**Dorsch** - August 1, 2013, 4:25 pm

I tried to purchase Payza, not knowing I need a verified account to spend my money. Edris was kind enough to refund my paypal payment after I sent it! Many thanks!
