Thread: [Blackhat Partnerships Not Allowed](#)

Omniscient - August 4, 2013, 6:53 pm

I don't want to see threads labeled for Blackhat partnerships. It's not the type of Marketplace we want to encourage here.

I've listed the current section rules in the thread listing. It's very simple right now.

1. Investor requests not allowed.
2. Ebay partnerships not allowed.
3. Blackhat parters not allowed.

CyberneticTitan - August 4, 2013, 6:54 pm

Good. I got scammed once because of a black hat partnership.

Concerned?? - August 4, 2013, 6:54 pm

Very nice rule implemented here Omni, I have seen a couple of threads like this recently.

Cheez-Its - August 4, 2013, 6:55 pm

Thanks for the new rule Omni, good call.

Le Spy - August 4, 2013, 6:56 pm

Would stresser services fall under Blackhat?

If it did, there wouldn't be a section to sell them.

Apple Jacks - August 4, 2013, 7:22 pm

Haha, I just posted a thread looking for BH partner yesterday, I shall accept the rule though :3

Ciel Phantomhive - August 4, 2013, 7:24 pm

Understood, thanks for the update.

Cloudy - August 4, 2013, 7:25 pm

I agree with this. We don't need that kind of activity on here.

No? their's a section available to market them. ?

Anyhow, I totally agree with this.

Roger Waters - August 4, 2013, 7:30 pm

Good, there is nothing but trouble coming from those partnerships. Glad to see that something was done about the incident earlier with one of these partnerships.

stdio - August 4, 2013, 7:32 pm

Nice to see this but i think most of us were already aware about this :)

Remix™ - August 4, 2013, 7:34 pm

I agree with this. We dont need that kind of stuff on the forums

Douchebag # 145 - August 4, 2013, 7:51 pm

I always thought that these were disallowed.
Whoops.

Makaveli The Don - August 4, 2013, 9:11 pm

Thanks for this Omni. It should keep away a lot of trouble from the marketplace. ?

Daddy???????????? - August 4, 2013, 9:14 pm

I agree this is very good new Rule so I enjoy this. Thanks Omni for adding this to the Rules on the Partnership side.

Apparently not in HF world. You'd think DDOS'ing would be considered blackhat though.

But those are for stressing your own servers! ?

That's why its blackhat lol, trust no one. No such thing as blackhat partnership, just an escape goat.

Caillou - August 4, 2013, 9:19 pm

Lol, I didn't think this was allowed in the first place.
It's good everyone knows now.

- Was that a typo or an unfamiliar term?

Hunte® - August 5, 2013, 10:48 am

I have been seeing more and more black hat partners. Good new rule.

Cryst?I - August 5, 2013, 11:13 am

Great rule addition to the community.. I think this was needed! Thanks Omni :)

Swirl - August 5, 2013, 12:58 pm

Thank god for the e-bay rule, should clean up the section.

gon4eva - August 5, 2013, 1:15 pm

By Blackhat do you mean disallowed blackhat activity on HF or just in general?

It means you cannot make a thread in this subforum asking for partners to do blackhat stuff for you. It also includes all blackhat activities in the [Help Docs](#).

VRUMM - August 5, 2013, 3:21 pm

It is a nice rule to be implemented. alot of paypal holders here are being scammed by ebay partnerships

Intellectual - September 4, 2013, 12:37 pm

You have a typo. I believe you meant partners not parters for part 3.

Is this Blackhat:
"Code a crypter"?

Cheque - December 1, 2013, 10:28 am

This is complete bullshit.

You have a blackhat award & all this shit about web hacking.

Legion a group based around blackhat activities. ; yet you don't condone blackhat activity.

Dropbox - January 31, 2014, 10:41 am

thanks for implementing this rule, i think its great
no blackhat activity should be allowed
