ProBux

*What is ProBux?

-it is a PTC (Paid To Click) services where members earn a small amount of money for viewing ads daily

* What do you get from it?

- You can make cash daily, some members have made up to \$8,000, while others make \$5/daily. It all depends on your dedication, and time that you invest in the site

For starters, before commenting I'd really appreciate if everyone read the whole blog (it may be long, but will be worth it). There's many guides and tips & tricks to this site, so I'm going to list everything in a detailed version, and also a small one for people who don't have the willpower to read walls of text.

Before proceeding, I'd like to say that this is a legitimate way to make money online, you can Google it for yourself. It requires time, dedication, and nurturing to see full results. I think of this site like a garden, you need to have lots of patience and be willing to plant seeds and water them every day until you can start selling the garden for immense profit. Before going further, I'm going to post a screen of what I'm making, just to show you guys that its legit.

[\[img\]http://i1050.photobucket.com/albums/s408/cosmicfoxbear/8-5-201311-12-15AM_zpsaa5c1051.png\[/img\]](http://i1050.photobucket.com/albums/s408/cosmicfoxbear/8-5-201311-12-15AM_zpsaa5c1051.png)

As you can see, I have \$33 right now in the bank, and I'm currently making \$6/daily. I've also invested around \$200 into the site to get it going, and have made around \$100, which I reinvested to rent more referrals. All of this was done in like 40ish days. Read the guide below, basically the name of the game is to rent as many refs as you can. Just so you guys know, I made the initial \$25 investment back in about a week or two. So it's really not too risky to invest.

Also right off the bat I want to mention that I'm relatively new to HackForums, but please have faith in me, this is legit, I have proof, I even have a little blog I set up to help people!

www.probux2riches.wordpress.com

It's 100% just to help you guys, and I'm not going to throw you guys into a hole of hell, or tell you lies about how much you can actually make on ProBux. My main goal of making this blog, is to get as many people on HackForums to sign up and start making money on this site, and start making at least \$1/day to start, leading up to 6 or more! Most people will make much more than that, but that's a number almost everyone here can get with time, patience, and dedication to the site.

If you guys do use my referral link, which I'll post at the bottom of the page, I'd greatly appreciate it. That being said, even if you guys use it, I make approx 1-2 cents from you guys, so really it's not much; this isn't about me, it's about you guys. If your still reading this register right now and read up on the guide by clicking the spoiler and start earning cashflow. ;).

GUIDE!

Spoiler ([Click to View](#)) Alright so there's two main ways of making money on ProBux. You get money from clicking ads daily, but that's nothing, like 5 cents a day. The real deal is renting referrals. Basically, renting referrals is paying people, who are just like you and click on ProBux every day. The key is to get as many rented referrals as possible and start profiting. I don't want to really go and reiterate a whole guide, so I'm going to copy and paste the guide I used to get started. It's really a basic strategy, but it works.

[size=12pt]
GUIDE.

Part 1: Getting Started

How do I earn money with Probux?

There are three basic streams of income from Probux:

- Income from your personal actions on the site (viewing ads, doing mini-jobs, etc)
- Commissions paid to you from RRs (Rented Referrals) - explained later in Part 3.
- Commissions paid to you from DRs (Direct Referrals) - explained later in Part 4.

How much money can I make?

If you are willing to put a small amount of time each day, and you follow this guide, you should be able to make well over \$1,000 per month spending less than 10 minutes each day. Some users make several thousand dollars per month with the same time commitment. It will not happen overnight, but with some diligence, this is certainly an achievable goal already reached by many of the Probux veterans.

How do I get started?

If you have not already signed up for Probux, click here -> <http://www.probux.com/?r=bSM45> and register!

After you have signed up, continue to Part 2.

Part 2: The First Two Weeks (1 Goal to complete)

In my opinion, the first two weeks are "make it or break it" with Probux users. Sadly, a lack of education will cause many to leave, but you are in the right place to avoid missing out on this great opportunity.

- Getting into the daily routine of viewing the ads assigned to you
- Earning your first \$0.60 so you can begin the referral rental process

TIP: View ads by logging in and clicking the "View Advertisements" button at the top of your page.

You are not going to earn much during the first two weeks, that's a fact Jack.

15 days approx. \$0.04 / day = \$0.60 ... Trivial as it may seem, \$0.60 is your 1st goal.

Goal #1 - Earn \$0.60

TIP: If you are able to complete mini jobs, you can reach Goal #1 within a day or two!

If you are interested in a small jump start and have even just a few dollars to invest into your new Probux business, there are instructions in Part #3.

Part 3: Renting Your First Referrals (3 Goals to complete)

Congratulations, you just graduated from Kindergarten! It's a big deal to make it through the first 15 days. A lot of people quit before this point... and guess what, this is where the fun begins! You're gonna do just fine!

Once you have at least \$0.60 in your Probux account, you have enough to rent 3 referrals. As mentioned above, you can "jump start" your business by investing a few dollars of your own and begin renting Probux referrals sooner.

Before you do, read this:

Goal #2 - Rent 3 referrals by clicking the "Referrals" button on your account home page.

Goal #3 - Turn on "AutoPay" within the Referrals->Rented menu.

I prefer Autopay = Enabled because each day your referrals are active, they pay for themselves to be extended. This way, you do not need to worry about how much money to reserve for re-rental. Autopay is a must!

TIP: There is a discount applied when using Autopay as well, yet another good reason to use it!

Assuming your 3 rented referrals stay active, you will earn the following:

3 RR 4 RR-clicks at \$0.005 each = \$0.06 / day

Clicking ads assigned to you, still approx \$0.04 / day

For a total of \$0.10 / day.

- Within one more week you can rent 3 more referrals, and be earning \$0.16 / day
- The following week you will have enough to rent 5 more referrals (now you will have 11 RRs) for a total of \$0.26 / day.
- The week after that, you will have enough to rent 10 more referrals (now you will have 21 RRs) for a total of \$0.46 / day.
- At the end of the 4th week from when you rented your first RRs, you will have enough to rent 19 more referrals (now you will have 40 RRs) for a total of \$0.84 / day.
- And so on...

Continue viewing your assigned advertisements each day so that you can earn your rented referral income, and when you save up enough money to rent more referrals, get them! The more rented referrals you have, the more you will make. I recommend choosing a day of the week for rentals, and on that day rent as many as the funds in your Probux account can afford.

Goal #4 - Continue until acquire 200 rented referrals

Yes, It will take some time, but remember, you are building a business and passive income with just a small time commitment each day! It goes pretty fast since renting referrals increases your income, and increased income allows you to rent more referrals. Can you say "snowball effect?"

TIP: 200 RRs 4 RR-clicks at \$0.005 per click = \$4/day ... It will take about three weeks to save up \$80 for Part 5 .

Once you have 200 referrals, stop renting and save up \$80 in your Probux account. I will explain this more in Part 5.

Part 5: "Go for Gold!" (2 Goals to complete)

Now that you have 200 referrals, stop renting and save up \$80 so that you can upgrade to Golden. Once you go Gold, you will double up your income nearly instantly since the payouts are 2x - 10x for your clicks and referral clicks!

Goal #6 - Upgrade your account to Gold

Here is your income before Golden:

200 RRs 4 RR-clicks at \$0.005 per click = \$4.00 per day (plus DR-clicks and your personal clicks)

Here is your income after you go Golden:

200 RRs 4 RR-clicks at \$0.01 per click = \$8.00 per day (plus DR-clicks and your personal clicks)

Once you've gone golden, begin renting referrals again. It's tempting to cash out, but you really want to get to the maximum number of RRs and DRs so that you earn as much as possible.

Goal #7 - Build your RRs to 2000.

Resume your rental process and acquire 2,000 RRs. This will not take too terribly long since by now you should be earning over \$200 per month.

2000 RRs 4 RR-clicks at \$0.01 per RR-click = \$80/DAY (plus your DR-clicks and your personal clicks!).

TIP: When you go Golden, you will have to view 9 ads per day instead of 4!

TIP: Check out some of the "Golden Packs" to gain more benefits from being Golden.

At this point you are a true Golden Child of Probux! Once you have saved enough to buy golden packs, do it so you can rent more RRs and gain more benefits. By now, you will already be laughing all the way to the bank so enjoy your new side job.[/size]

PM me if you guys have any concerns, or need help getting started.

If you just read the guide or will read it later, I want to mention that I have 363 rented referrals, and am making \$6/daily. Also if you read the guide then you'll know that Golden Membership makes you double the profit, and well I'm Golden as well. This is a legit site, trust me, I personally have invested over \$200, so you guys know that you can trust this.

Also, as I mentioned before, this is one of the best, aka most profitable Pay to Click sites I've experienced so far, but there are 2 others that I would recommend. However, I don't want to flood the blog with random links, so just PM if you're interested in multiplying everything you earn by 3X.

I'd like to point out to anyone here that you shouldn't be using probux but Neobux instead.

Reasons:

- Neobux is 4 years longer in the market than probux.
- Probux only exists for 1 year, hasn't proven itself yet.
- The amount of rich-gaining people at probux is way less than Neobux.
- Probux' ban rate is higher than Neobux, for anything you do.
- I heard people getting banned at probux for no reasons.

tl;dr: Neobux is better than probux.

True. ProBux does pay higher right now though. I agree that you should invest in both ! NeoBux is definitely more reliable, been 4 years, but ProBux is legit! It's been a year, hopefully it keeps going!

I have an Neobux account since a month and it sucks to rent referrals because I need to wait more than a week to get guaranteed referrals. Referrals are always sold out -.- When I start using ProBux, do I really make more money than I invest? I'm not sure because of the rumours that people get banned without reason. Because if I start it, I will invest as much money as possible.
