Thread: [Im looking for a free host booter/ shell booter source for vb 2012](#)

BigDaddyAllDay - August 5, 2013, 9:34 pm

Im looking for a free host booter/ shell booter source for vb 2012. add me on skype maryland1v1er

MissingN?. - August 5, 2013, 9:59 pm

You won't go far with shell attack methods as they are old dated now, you would not go far I will tell you that.

Firwalled. - August 5, 2013, 10:11 pm

From experience don't use shell booter, very bad. you should purchase dedicated server. better power and stable!

Devising - August 5, 2013, 10:11 pm

As he is true but here

<https://hackforums.net/showthread.php?tid=3457999>

if you checked the threads below someone posted this, im not sure this is in vb12 but its in vb, hopefully this helps you out :).
