Charny Image Converter is a small and useful program. With it, you can convert any image to a desired format. It supports .png, .jpeg/.jpg, .bmp, .gif and .tiff. You can convert more than one image at the same time, you can add/remove images with the list (Right-click it).

Pictures :

Nice! You've been working a lot on projects recently haven't you, with your screen cap program and giving them all away for free...keep it up :)
