Gratz man, it depends on if the 110k are real followers or botted. I guess real of course since you hi jacked it.

Thank you, I don't have any idea of the authenticity of the followers, but do you have an idea of the price for real one ?

Suboptimal - August 8, 2013, 2:02 pm

This account would be worth around \$100 if it has real and legit followers.
