CURRENT DEAL: EDUCATION NICHES CAN GET UP TO \$3CPC

SN 1006's Adsense Click Shop

About

SN 1006's Adsense Click shop, is a service I provide to make you earn \$\$\$ via Google Adsense. I have been providing this service off forums for approximately 7 months now, and have never had anyone banned or red flagged from any Ad Network. I 100% guarantee the clicks will come from Top Tier Countries (USA/CA/UK) which will provide you with a Lower CTR, and a higher CPC, due to my knowledge of what ads pay the most!

Pricing

(Minimum -> 5 Tier 1 Clicks or 1 Country specific click)

Tier 1 Clicks: 1-5 (\$.75/ea)

Tier 1 Clicks: 5+ (\$.50/ea)

USA Clicks: 1-5 (\$1/ea)

USA Clicks: 5+ (\$.75/ea)

CA Clicks: 1-5 (\$1/ea)

CA Clicks: 5+ (\$.75/ea)

UK Clicks: 1-5 (\$1/ea)

UK Clicks: 5+ (\$.75/ea)

Time Concerns

Depending on how many orders I have

1-20 Clicks = 24 hours or less

20-40 Clicks = 48 hours or less

40-60 Clicks = 72 hours or less

60-80 Clicks = 96 hours or less

80-100 Clicks = 120 hours or less

(These are guaranteed times - it is usually less then the estimated time)

CTR

CTR means Click Through Rate. Click Through Rate is the percentage of visitors to your website that click an ad. CTR is a very important thing to take notice of, as it can be the one thing that gets you banned on Google Adsense. Bold Statement: The lower the CTR, the better. The only two ways of having a low CTR is having a lot of Page views/Visitors, or having less clicks. I would go with having more page views of course, because less clicks = less money. Generally, most big websites that use Click Providing services such as mine, keep their CTR under %1.5. Big websites, being 50,000 Unique Visitors a day.

Before Purchasing

Before you purchase my service, please consider your CTR. I'm seriously trying to get this to stick to your head, because I don't want you being banned, thinking it was my fault, but in reality you were to stupid to think about your Adsense stats BEFORE GETTING CLICKS.

So if you are only getting 100 viewers a day on a website, please don't even bother purchasing from me. Please. Because that would leave your CTR % as how ever many clicks you are purchasing from me.

Terms of Service

I am not responsible for your Adsense Account being terminated, I provide real legitimate clicks from different people. I DO NOT USE A PROXY.

You are responsible for your own CTR, and other stats such as CPC.

You are compliant with my 5 click minimum purchase and time limits.

I can provide to, and deny to any user on this forum.

You will listen to my directions about paying to me.

Recommendations

I recommend you spend a little \$4 to get Hitleap premium so you get free monthly minutes, and a Anonymous hits setting to keep your CTR as low as possible.

I recommend you have high paying keywords for Adsense. My current top 3 paying Keywords are, Insurance, Education, Finance. Think about it, if you are paying \$1 per click, you better have good paying Keywords so you can have a CPC higher than \$1 so you even earn from my service.

Purchase Adsense safe traffic. Usually 1,000 Adsense Safe traffic (mixed world), goes for around \$1. This can make it safe to buy up to 20 clicks, because that will only make your CTR %2, which is ideal.

That's why they need to have a good Niche to earn from my service. But actually, I receive \$1+ ad clicks without a niche like that.
