Vouches:

Heisenberg Wrote:Heisenberg here, I recently received a vouch copy from AppleHF to review this.

Lets get started.

The start of this eBook includes an introduction of what you need to do, and how it will work.

This eBook includes 12 simple steps, and 1,045 words.

The greatest thing about this eBook, is that OP provides everything you need, so you're basically paying for unlimited bots.

It's straight to the point and the grammar is excellent, I would like to personally vouch for this eBook and would like to rate it 9/10.

Great job AppleHF

I would also like to include, I have never saw anything like it, and can guarantee this isn't public.
Sultz333 Wrote:After reading this eBook I was shocked of how great it was I have set it up and just an hour ago I received 50 Slaves I am thinking about starting my own BOTSHOP thanks to AppleHF
Massive VOUCH.Crumb Wrote:Apple is by far one of the most legitimate sellers around.

VOUCHE!Temper Wrote:Hello all,

I have received a premium copy of this eBook to review. I am a Legion Teacher, my knowledge revolves around RAtIng and spreading, which is exactly why I have received this eBook today.
Lets get started.

Quality

????

4/5

The eBook quality was overall outstanding, very pleasant on the eyes and easy to read. The author has used very simplistic English to explain the method as clearly as possible.

Everything is included, and fonts for different sections of information vary, which I believe is great because it allows me as a reader to focus on one thing at a time, and the text does not blend and there is no getting lost in a wall of text.

Ease of use

????

4/5

The method is extremely easy to use, as the author has provided everything you need to set this up with minimum hassle.

There's not much else to say, other than the fact that the author has made sure that you as a reader can understand what to do, and makes sense throughout the entire book, thus a very easy and great outcome.

Layout

?????

5/5

No flashy pages, no graphic, I like it.

Although it could include a nice header instead of big red text, I really do enjoy the authors choice of layout. He has kept it all aligned nicely, nothing is out of place and it all looks neat.

Grammar

????

4/5

The authors use of grammar and comprehension of the English language is outstanding, although there were some common mistakes I did happen to pick up on, that doesn't matter because you will only notice them if you scan for the mistakes, reading over it I guarantee that you will simply read right over them.

Originality

???

3/5

The method is not public or saturated, but I have seen it done before, but not as simply as the author has made it for you, the consumer.

Overall

?????

5/5

I rate this eBook a good 5/5 simply because of how outstanding it is against all other eBooks and methods. The method is rather unique, and I doubt heavily that any of you know how to perform this method already, I know that I was very unaware of how to do so.

The eBook is unique against all other "monetizing" methods on the market, and it is great to see something that brings the meaning back to HackForums.

Good job with this eBook, AppleHF.?????? Wrote:This eBook is amazing.

7/10 for Grammar and Design

9/10 for Steps and Information

Overall 8/10

This eBook clearly states and tells you how to set-up your JDB and use it correctly to trick slaves, It's well written and decently well formatted.

Great book.

Rayyan.Viking. Wrote:Just bought it, nice seller and looks like a great method!

[quote="Conscience"]Huge Vouch for AppleHF , Legit Member and Legit Spreading Guide , GLWS ! ;) [M Wrote:Amazing auto-piolet method. Great member, Good luck with sales!WhimpyZ Wrote:I

got a vouch copy of this great E-Book, and I wrote a little review on it.

Review form is from : WaterSpice, if anyone should wonder :)

Rating: 5/5

Grammar: 4/5

Ease of Use: 5/5

Is this method publicly known?

No, I haven't seen this method before.

Would the E-Book actually work?

Yes, it will work.

Who would this E-Book benefit the most?

It would benefit the people who want high quality installs.

Will this E-Book's method get saturated rapidly?:

No, I don't think it will rapidly. It's a great method for getting HQ installs with little to no amount of work.

Pros:

It's very easy to setup, even more easier if you buy the golden package.

After getting a few people into the trap it'll be auto pilot.

Cons:

Don't really have anything on hosting.

Good luck with sales! :)Wigan Wrote:I have received my copy of the eBook and I must say I am very impressed with it the author has done

a great job, the method is unique and very original. I will be posting back a detailed review with the results

within a few hours.

max.baxter3 Wrote:I think that this E-Book is really nice and detailed.

I really think thats woth the money because 12\$ are almost nothing!

-Max

w0000t Wrote:Was a rather good ebook, does require minimal investment but it was pretty cheap
Totally worth the money spent in my eyes, haven't had time to set it up, I see great potential in it though.

Will post a screenshot of installs or money made off it when I set it up.

Harold_Finch Wrote:I reviewed this E-book and it a really nice E-book and best of all the JDB is FUD or almost

FUD its 1/43.

Verry good spreading E-book.

Good luck with sales.

raja5549 Wrote:Hello! My name is raja and I am reviewing your e-book today! Please keep in mind that this is my

strict opinion on this e-book and may vary depending on the reader.

Title:Facebook RAT Spreading Tutorial by captain_Apple

Author:captain_Apple

Price: 12\$

Pages:3

Quality:

I really never heard of this method ,it is very unique method , it will surely give 1000bot/day and most important

thing this is all autopilot .It is very clearly explain step by step ,very well written.

I would like to give 9/10

Ease of Use:

You can easily do this method if you do all step correctly.All the steps are clearly written.I am sure if you read

correctly then it will only small time to setup all the things.

I would like to give 8/10

Grammar:

Only One or two mistakes are there but overall all the things are very easy to understand.

I would like to give 9/10

Overall I would like to give 9/10

Finally i would like to say that Overall it is really great method ,it is really unique and also it contain the

tool which will help you very much.

So good luck for the sell.

FockerPT Wrote:Grammar: 8/10 - Honestly... Upon start reading the guide you won't even look at the grammar since

you will be so pleased with the content...

Originality: 9/10 - I have heard of this before, but not with so much details, and so well explained.

Quality: 10/10 - You will get slaves, that's all. If you can't get them using this... Please stop

RATTING

Layout: 6/10 - It's not very appelative(the design) but... You came here for the content so it doesn't really

matter :P

Price: 12\$ - Pretty nice since you can sell slaves and etc, and if you apply this well, you will have the chance to

sell lots of them and make profit :P

Overall: 9.1/10 - Buy this, slaves will come, for sure :)

Gibson Wrote:I vouch heavily for this method. Well explained and detailed. "53 infections in 20 mins." Will post

pics when I reach 1k !

iluvethreeway Wrote:This E-Book is very unique and I have never seen something before like this. I already

started spreading, and it works like a charm! Big big vouch for AppleHF!

D_E_F_C_O_N Wrote:Hey this method is actually pretty good.

I'm pleased with my purchase, if you're looking for a decent idea for spreading this is definitely that.

HQUALITY Wrote:Totally vouch this I guarantee if you read the Introduction you will laugh and make your heart beat,

and genius wrote this method.

Can't believe its for Sale worth its cash.

Thank you so much.

Leg?nd Wrote:Vouch for OP, will get you alot of bots, and due to the method, it will get you quite HQ bots,

too.

Makaveli The Don Wrote:I just got this ebook and I must say I'm totally AMAZED. You can literally get thousands

of bots/slaves in the matter of couple days or so. I'm going to personally perform this method and I'm more than

sure I'll get great satisfying results. For any newbies Rat starters, I highly recommend you purchase this ebook as

it will teach you the heart of Ratting and you'll get All the slaves you ever wanted.

Huge vouch for AppleHF.

Good luck with sales.

Thank you,

The Don.

Quiet. Wrote:I definitely have to vouch for this method. Not only is this a method but he includes things you

can actually use in order to do it. This makes it basically impossible to fail. This is also an autopilot method;

and when I say autopilot, I mean literally go to school with 5 bots and come back with 1000. It requires no

supervision after getting the ball rolling; it rolls itself.

This is certainly worth the money. If I had bought this myself and not reviewed it, I would not have been

disappointed. And it's difficult to say the same about many things on HF. But this method is foolproof. You won't

fail and, as long as your server is FUD (doesn't have to be, but your efficiency will increase dramatically if it

is) you will see great results.

10/10, this method WILL do exactly what it is advertised to do, and that's give you bots without doing a damn

thing. Vouch!

(And I was in the Reviewers back in the day, and that's the exact rating I would've given this method back then.)

The Russian Wrote:I vouch for this product. I left my review below.

I just read the ebook, and this is truly a genius method. I recieved the gold package, and have never seen a method

like this. It is extremely creative, and guaranteed to get you lots of slaves. The set up is relatively quick, and

involves very little of your own creativity. It is definitely worth \$18. The grammer is good, the method is

unsaturated, and the guide is very easily understood. The method can also be incorporated with PPD. There may be a

little investment involved, but only \$2-3.

Private Message Wrote:I received a vouch copy of this E-book and I will be writing my review about it.

Alright the method explained is fairly unique, and yet so simple and easy to understand.

The user explains everything step by step so you can't run into any errors, he also provides all the tools and

templates.

Once you spread for a few hours, the rest will be autopilot because he included a fairly unique method which is

autopilot.

I highly recommend this E-book.

?r. X Wrote:Surely the ebook is quite good and original , the author have spent a good amount of his efforts and

time on it. You can surely get a large number of bots if you go step by step.

Good luck with the sales mate .

S.A.M. Wrote:Just bought this Ebook , i must say this will work for sure!

Hot: 9/10

You can buy this guide .. :)

Enjoy ratting..

tokagerro Wrote:I've just bought the E-Book, and registered to Hackforums. I have to say that this method is

fucking amazing, I have never met something like this before. This is likely to be the most unique

spreading E-Book

I've ever bought.

Europe Wrote:Quality : 8/10

I have never seen any similar method like this.

This is very user friendly and definitely worth your money for this price.

Layout : 6/10

The layout of this ebook could've definitely been better, though it's not really needed.

Originality : 10/10

This is probably the most original method sold on HF.

Grammar 7/10

This ebook is easy to read and easy to understand, you won't encounter any problems reading this ebook.

Pendalum Wrote:I will be dropping my buddy here a review on the ebook, I am one of the lucky vouchers that has

checked the method. It seems very promising and detailed, read my review for more information!

== THIS IS A OPINION! ==

? Ease of The Method ? 4.8 / 5

- I have to say, for 3 pages he gets straight to the damn point, nothing feels better than that. I am a person that

does not wanna read extra junk unless its vital to the process. He keeps it simple and easy and its a breeze fo

the method. Highly effective if done right and put some time into it.

? Information ? 4.7 / 5

- His ebook was well written and does what it supposed to do, as extra added point to my vouch he showed me his RAT

which was full of victims. If you play your cards right this can work well for you.

? Following the ebook and gaining results ? 4.6 / 5

- This method is putting in a bunch of work for the initial start but the bots will autopilot after, I can tell as

the site he uses I am fairly big on and might gain to many bots for comfort here. If you spread this hardcore and

rip this method hardcore you can prob bring i more bots than you bargain for. So be careful with that. This ebook

can possibly output more than advertised which is high impressiveness here. You could sit on your ass after some

work and just make bots fly into you like wild fire.

? Overall ? Grade: A

- Well what more to say? You do this well you will have a pretty badass size botnet or RAT, plenty of victims to

harass and potential for some quite cute looking female victims. Its straight to the point here and that what I like

about it.

====[Pendalum Approved]====

WaterSpice Wrote:Got a vouch copy, this is what I think of the book.

Rating: 4/5

Grammar: 3/5

Ease of Use: 3/5

Is this method publicly known?

Not as far as I know.

Would the eBook actually work?

Yes, If everything is setup correctly.

Who would this eBook benefit the most?

It would benefit people who want HQ installs for a decent amount of effort.

Will this eBook's method get saturated rapidly?:

No, I don't think it will rapidly. It's a great method for getting HQ installs with little to no amount of work.

Pros:

Easy to setup

Can be auto pilot

Cons:

Doesn't provide extra information on hosting

Doesn't have any pictures.

Opinion:

All in all, Great ebook. It has everything you need to know in text. This ebook is very straight to the point, and

also shouldn't be hard to follow. GLWS

Dereshi Wrote:Vouch for this method, that's working.

Thanks a lot, hq user, glws ?

-PakeT Wrote:vouch for his amazing ebook! it have so much potential, you will surely make alot of slaves off

this.

SpK Wrote:Vouch for AppleHF. The method is a combination of two methods that maximized the amount of bots you

will receive daily.

The best part about this method is, that once it's set up and you get a few victims it's all autopilot and will

spread by itself.

arubaboracho Wrote:Vouch for AppleHF good guide :) buy it now or you will regret !!

Kray Wrote:I was given this ebook to read, and give my honest opinion on. I told the seller up front that if I

didn't like it, I would tell people that. I have to be completely honest that this is an amazingly descriptive, and

useful ebook for anyone who wants to spread to either a target, or even random people to monetize or such. The

seller is very willing to help anyone who needs it, if you possibly cannot figure out how to get some of the things

this method encompasses rolling. Realistically using this method, you can start seeing slaves within minutes.

Overall I would wholesomely give this book a 9/10 because though it's not completely original, it is definitely a

kickstarter to anyone who wants to get mad connections to their RAT's server.

Toph Wrote:This method will take a hour or two to set up, but then it will become autopilot. I vouch fo

AppleHF, legit seller. The method is amazing, this will really get you tons of HQ, unique bots. Thank you for this

great E-Book, Have fun with the sales! :)

magaki13 Wrote:I just bought this E-Book, and my deepest respect goes to the author! I havent really seen

anything like this before, this method is fantastic, and I can only recommend it, you will not regret buying this!

Big Vouch for AppleHF, and good luck with sales bro!

Kookie™ Wrote:I love the concept i will start spreading soon and give results :D

TheMeleco Wrote:Vouch for this method, bought it, read it, currently setting it up can't wait to get it rolling :D

Zyzz™ Wrote:VOUCH Just bought the ebook i have to say very UNIQUE method never seen before.

Im sure you can make lots of slaves with it! :D

?azorBots Wrote:Amazing!

Thank you so much!

The Danish Viking - August 10, 2013, 12:47 pm

Are you giving out vouch copies? I would gladly take one.

apt-get money - August 10, 2013, 1:02 pm

Any vouch copies? I'd love one! Thanks in advance ;)

Viadecci - August 10, 2013, 1:57 pm

Are you accepting 13\$ to pay you for Basic by payza?

420. - August 13, 2013, 7:43 am

I have already got a lot of vouches, they can't even fit in my thread, no more vouch copies are available, sorry. I am only accepting PayPal at the moment (you can exchange though).

Okay, I will give out 2 vouch copies to ub3rs with HIGH rep. Abuse, you already have this lol.

SIM-1096442 - August 13, 2013, 3:41 pm

If you think you could give one to a l337 hit me up. I just got into this stuff again and I will put some effort in this not just reading it :P GLWS anyway

The Yellow King - August 13, 2013, 6:40 pm

I'd love to see some vouch copy reviews. >:).

Zink - August 13, 2013, 8:20 pm

I'm Hoping to buy this product, but before i get it i want to make sure that this is true and realistic, so i will wait and see for reviews from others who has already purchase this product

420. - August 14, 2013, 2:31 pm

If you wish to see vouches, they are at the bottom of the thread. Just click on Spoiler.

420. - August 17, 2013, 8:43 am

Sorry for being offline, I had a very busy week. I'm available again if anyone needs me.

Luna? - August 17, 2013, 12:37 pm

Looks pretty good, Might get this soon!

420. - August 18, 2013, 5:02 pm

PM me if you would like me to save a copy for you later, as there are limited copies being sold out.

Zink - August 18, 2013, 5:32 pm

can someone help me on setting this up?

420. - August 21, 2013, 9:39 am

Hello, I might be your man to help you out since I'm selling this E-Book (if you bought the gold package). I guess you would like to add me on skype or something. Check OP for details.

test0r99 - August 21, 2013, 11:02 am

AWESOME ebook, AWESOME Method and VERY Noobfriendly, 1A+, has my vouch
thank u so much 4 sharing this

420. - August 26, 2013, 6:42 am

Thanks :) Good luck with spreading!

?XilluX - August 26, 2013, 6:47 am

Hello here is XilluX,

I got a copy of this amazing E-Book and I must say it is a very easy method.

Even the biggest noobs can set this up properly!

So don't hesitate to buy it!

420. - August 31, 2013, 3:53 pm

Sent you a PM, check your inbox!

To others, I'm still selling this E-Book. Sales will be closed soon, get your copy now until you can.

Jeff Jordan - September 1, 2013, 5:00 am

I'm usually skeptical about "autopilot" methods, but this is honestly one of the only legitimate autopilot methods I've seen. You can get a ton of installs with this, no doubt about it. Quick and easy setup too. Definitely worth \$18.

420. - September 5, 2013, 10:42 am

Good luck with spreading! Hit me up if you need smth. Sales will be closed soon.

Miami - September 5, 2013, 12:34 pm

Vouch for this amazing Ebook got 200 Bot in the last 45 Mins

420. - September 10, 2013, 11:21 pm

Thank you! Good luck with spreading, have fun!

I am giving out 3 vouch copies to 3 ub3r's again. PM me if you're interested in doing a review for me.

dubaiguru - September 11, 2013, 4:42 am

I AM buying this now...will update you once I receive it :)

420. - September 12, 2013, 1:38 pm

Good luck with spreading, have fun with slaves ;)

Johnbek - September 12, 2013, 2:04 pm

Is this doing it with torrent sites??

420. - September 12, 2013, 2:25 pm

Nope, as the thread says, it doesn't involve torrents

LiveModz - September 12, 2013, 5:09 pm

This guy is a terrible user, Ignores messages from customers.

Doxicity - September 12, 2013, 5:16 pm

I have some questions and concerns.

You say you can bring in 1000 slaves in a day, that seems a bit exaggerated to me.

You claim it's the #1 spreading e-book on HF, what makes it different from the others?

If you offer a JDB in your premium package, I assume your technique involves the use of a JDB?

Do you have any other pictures of your Cybergate controller to show that those are your slaves?

Edit: You had an e-book exactly like this one. It's literally the same exact thread, and e-book, just a different thread design. Why have you abandoned that one? There were also unhappy customers that it appears you just abandoned as well?

Edit2: I'm looking into this more, you've created this exact thread, with the exact title more than 8 times. <https://puu.sh/4pP98.png>. This seems really sketchy to me. Also, you claim to be a spreading beast, yet only 2 posts in the RAT section. It's possible, but it wouldn't make sense that if you're

such a great spreader, that you don't post in the RAT section.

Edit3: You're using the same picture, and text on every single thread. This has to be a scam, I'm opening a community alert.

FINAL EDIT: This user is a scammer, and a community alert has been opened.

<https://hackforums.net/showthread.php?tid=3750882>

I'm in no way trying to bash your sales thread, these are just questions and concerns I have toward your product. Just like you check the expiration date on milk before purchasing, I'm doing that. I want to make sure the product is right, and legitimate before purchasing. Thanks.

420. - September 12, 2013, 10:00 pm

Quote:I have some questions and concerns.

You say you can bring in 1000 slaves in a day, that seems a bit exaggerated to me.

You claim it's the #1 spreading e-book on HF, what makes it different from the others?

Sure, shoot your questions, always happy to see members being interested.

When first I tested this method, I actually got 4000 bots in the first day, believe it or not, I don't care if you do after all.

If you took the time to read the entire thread, you would have noticed that it's stated in the thread design what makes it different. Actually bots will infect even more people, and that is what makes this method unique. Sad to see you opening a scam report on my thread, when you don't even bother to read the entire text, this just doesn't make any sense.

Quote:If you offer a JDB in your premium package, I assume your technique involves the use of a JDB?

Do you have any other pictures of your Cybergate controller to show that those are your slaves?

Good job, this technique involves a JDB.

Nope, I don't have any more pictures, as I'm not spreading myself. (I don't feel guilty to explain YOU what I need money for instead of buying shitty crypters and so on).

Quote>Edit: You had an e-book exactly like this one. It's literally the same exact thread, and e-book, just a different thread design. Why have you abandoned that one? There were also unhappy customers that it appears you just abandoned as well?

Glad to see that you're unable to spot the difference between v4.0, v4.1 and other versions. Is it really that unacceptable that I post my E-Book in two different sections if it belongs to both?

Also, since I assume you haven't bought my book (either version), you have no rights to tell me if the first sketch version is equal to the newest top-upgraded shiny shit.

Quote>Edit2: I'm looking into this more, you've created this exact thread, with the exact title more than 8 times. <https://puu.sh/4pP98.png>. This seems really sketchy to me. Also, you claim to be a spreading beast, yet only 2 posts in the RAT section. It's possible, but it wouldn't make sense that if you're such a great spreader, that you don't post in the RAT section.

Read two lines above. If you claim something to be exact, then be exact yourself. v4.1, v4.0, v3.0 are not the same. Yes, I have multiple threads. Some of them have been bashed, but the main point is when I make a new version (~new product), I gotta start with a clean sheet. Also, I was a newbie when I started selling it on HF and I occasionally posted the thread in the wrong section, which have been moved later.

Quote>Edit3: You're using the same picture, and text on every single thread. This has to be a scam,

I'm opening a community alert.

As I told you, I'm still not interested in spreading anymore.

Quote:I'm in no way trying to bash your sales thread, these are just questions and concerns I have toward your product. Just like you check the expiration date on milk before purchasing, I'm doing that. I want to make sure the product is right, and legitimate before purchasing. Thanks.

I'm in no way trying to make you look like a basher, but when posting a report, please obtain VALID evidence. When you are going to complain about the milk that you don't like its taste, please take the time and effort to taste it before you actually judge it, or at least read the information on it (like you read the information on my thread... oh wait you didn't).

bitsforsale - September 12, 2013, 11:07 pm

Just purchased the guide, quite unique and yes this is *unsaturable*. However you need to bootstrap it initially.

420. - September 15, 2013, 1:24 pm

Thank you. Happy to see someone who actually bought the book telling their opinion.

Angry Gr?ndpa - September 15, 2013, 5:26 pm

Just bought, will yet everyone know how it goes :)

420. - September 16, 2013, 2:27 pm

Have fun with the guide, shoot any questions if you got some.

ComatoseD - September 16, 2013, 2:50 pm

I noticed that the picture is extremely old in this thread, if you look at "first executed" at the end it says /2011 Don't you have an updated picture or something?

420. - September 16, 2013, 9:39 pm

Nope, I don't sorry. I'm not interested in speading, and I only have some proof from back when I did.

Goodies - September 16, 2013, 9:48 pm

(Sep 16, 2013 09:39 PM)Jamal* Wrote: [\[CITE\]](#) Nope, I don't sorry. I'm not interested in speading, and I only have some proof from back when I did.

That's funny. That's what I do as well :) I sell BTC miners and survey ransomware and don't use it myself... I don't have the time. I just code :D

GLWS man! Maybe next summer xD

~ Goodies ?

420. - September 17, 2013, 8:56 am

Haha, nice to see a lost brother. Hello there

ComatoseD - September 17, 2013, 10:13 am

(Sep 16, 2013 09:39 PM)Jamal* Wrote: [\[CITE\]](#) Nope, I don't sorry. I'm not interested in speading, and I only have some proof from back when I did.

Fair enough; I'll still probably be buying this, interested to see what your other recent customer's success has been like with this, hopefully he replies again soon (????? g?f??)

420. - September 17, 2013, 11:44 am

SPECIAL DISCOUNT - GET THIS E-BOOK FOR \$9.90 ONLY TODAY!
PRICES WILL BE RESET IN 24

? ?? ??2? - September 17, 2013, 12:31 pm

Hi. May I know if I can use this method to something else? Like PPC?

420. - September 17, 2013, 1:06 pm

Hello. This method doesn't use anything like PPC. This is a special method that doesn't involve any of most of the things seen here on HF, thats what makes it unique.

0x00000000 - September 17, 2013, 1:17 pm

How am I supposed to take advantage of the \$9.99 when it says you can't accept payments at this time?

ComatoseD - September 17, 2013, 1:27 pm

Will buy it now for \$9.90 if you're still doing it but says "Your payment can't be completed because one of the receivers can't accept payments at this time."

420. - September 17, 2013, 1:59 pm

Fixed the issue with my Paypal, you should be able to buy it now.

Hubert - September 17, 2013, 3:46 pm

Anyway that this could be used to get a shortened url/PPD out instead of trying to get slaves? I don't hack or anything anymore so that's why I ask.

ComatoseD - September 17, 2013, 4:13 pm

Just bought this, although I can't currently test this on people due to my server not being FUD. The guide is very detailed and helpful. I found this method to be quite interesting and I remember similar things happening to this in the past. I do think this is a pretty good method of spreading as long as you're willing to put in a bit of effort at the start. This method is indeed "autopilot" and should get you in a decent amount of slaves. I will probably post some results when my server is FUD and I set this up properly (shouldn't be too hard since I've tested it on myself and a friend and it works fine :P).

420. - September 18, 2013, 11:50 am

I'm happy to see that you liked it. Get a FUD server and start it asap. Also, check inbox. GL!

THIS E-BOOK IS AVAILABLE FOR \$9.90 ONLY TODAY. PRICE WILL RESET THE NEXT DAY TO \$18.00.

Marko - September 18, 2013, 2:22 pm

Huge vouch, OP knows how to drive insane traffic to anything :)

420. - September 20, 2013, 2:26 am

Thank you :) The discount is over, prices have been reset. The E-Book is still available for sale, sales are closed next week. Get your copy while you can.

SIM-1096442 - September 20, 2013, 9:31 am

Damn I wasn't home on the 18th ;[eh will see if I can get the money

420. - September 24, 2013, 1:05 pm

Well, shit happens, just check your inbox anyway :)

Sales will be closed soon, book still available for sale.

SIM-1096442 - September 25, 2013, 11:10 am

Just bought it hope I get many bots :)

420. - September 26, 2013, 1:51 pm

THREAD NOTE:

I am making a discount. The first 10 customers from now will get the Gold Package for 9.90\$ only. To buy it for 9.90\$ go on Autobuy, and enter your discount code:
17PE8X4D30

This discount is going to be taken off, once the 10 copies are sold. Have fun with spreading!

P???ce - September 26, 2013, 1:54 pm

Seems nice, good luck with the sales ?

420. - September 26, 2013, 2:34 pm

Thank you :) Sales are closed once its sold out.

Loca - September 27, 2013, 12:35 am

I would like to purchase, but my only question is does this work so people download your "file" and you work from there?

Because I don't use RATs/FUD servers, I just want a method to generically spread my "file."

420. - September 27, 2013, 8:18 am

What do you mean by 'you work from there'? You don't have to work a single minute once you set it up.

Loca - September 27, 2013, 1:36 pm

Let's say I use a survey locker, would that work as well?

Might be a dumb question, sorry for asking :(

420. - September 28, 2013, 4:36 am

If it's an executable, then yes it will work

DI?E - September 28, 2013, 7:16 am

Is there an investment after purchasing the book with this method? If so could you elaborate on how much investment would be needed?

EDIT: Never mind. Saw your signature and just saw no investment was required. Might purchase this soon if it is effective.

420. - September 29, 2013, 2:46 am

Haha there you go. 5/10 copies left from the discounted price.

Blakey - September 29, 2013, 4:09 am

I have bought this ebook waiting to read now!

420. - October 3, 2013, 7:09 am

Sent you the instructions, good luck with spreading! 2/10 copies left from the discounted price, when

sold out prices will be reset to default.

CRYPTAH - October 3, 2013, 8:30 am

Bought this ebook like a week ago with full support, and i've asked for a lot of support and not received any at all.

420. - October 7, 2013, 1:11 pm

I'm back, had my internet out for some reason... Sales are opened again, and to crypter786, yes you did receive support, also check your skype.

Cheers

CRYPTAH - October 7, 2013, 1:46 pm

I was unable to set it up, and you said you would help me, ive checked skype, no reply.

420. - October 14, 2013, 2:34 pm

Sold out discounted copies 10/10.

@crypter: fix it lol

One Punch Man - October 14, 2013, 2:35 pm

I need help with step 7. I've added you on skype.

420. - October 19, 2013, 7:18 am

Addz0rd you, waiting for you :) If you got questions tell me. E-Book still for sale.

404™ - October 19, 2013, 8:13 am

You autobuy is not working :S like to buy this ebook

Edit : Working now just buy this

420. - October 20, 2013, 12:07 pm

Haha, nice. Never had any problems with autobuy before, I guess it should be working fine. Good spreading!

?Schock - October 20, 2013, 1:21 pm

Vouch for this ebook

I recomment you get the gold version tough . for the template

420. - October 24, 2013, 9:51 pm

I opened a discount again. \$9.90 only this weekend for the gold version.

Cheers!

BossTycoon - October 24, 2013, 11:15 pm

(Oct 24, 2013 09:51 PM)Jamal* Wrote: [\[CITE\]](#) I opened a discount again. \$9.90 only this weekend for the gold version.

Cheers!

If you can have a customer post a picture of their bots and how long it took them to get the bots, I will buy your ebook ?

420. - October 28, 2013, 10:10 am

You should ask someone, my thread is full of vouches :) Price-drop, today is the last day.
